darwinian evolution and classical liberalism canvasses an array of thinkers from the past to the present as it examines

fundamental political philosophical ethical economic anthropological and scientific aspects of the ferment between darwinian biology and classical liberalism early chapters focus on classical thinkers like john locke and adam smith while later chapters provide analyses of present day classical liberals focusing especially on f a hayek thomas sowell and larry arnhart the most prominent advocates of contemporary classical liberalism thematically the volume falls into three parts part i examines foundational matters arguing that darwinism and classical liberalism hold incompatible visions of morality human nature and individual autonomy this section also contends that the free market s spontaneous order is fully compatible with a teleological or non darwinian view of the universe part ii turns to contemporary applications contending that darwinism and classical liberalism are at odds in their views of or implications about limited government vital religion economic freedom and the traditional family this section also argues that since its inception darwinism has attenuated core tenets and values of classical liberalism and western civilization part iii of the volume contains alternative views to those in the first two parts adding critical diversity to the book respectively these chapters hold that darwinian evolution simply has little to say about classical liberalism an evolutionary account of human volition is fully compatible with the individual choice presupposed in classical liberalism and evolutionary naturalism unlike religious alternatives provides a strong foundation for freedom morality and the traditional family

sociology and classical liberalism need to engage each other this book brings those two viewpoints into conversation and provides a number of voices showing how that dialogue brings new perspectives on classical topics in both traditions

this primer aims to provide a straightforward introduction to the principles personalities and key developments in classical liberalism it is designed for students and lay readers who may understand the general concepts of social political and economic freedom but who would like a systematic presentation of its essential elements

in this volume prominent political theorist michael zuckert presents an important and pathbreaking set of meditations on the thought of john locke in more than a dozen provocative essays many appearing in print for the first time zuckert explores the complexity of locke s engagement with his philosophical and theological predecessors his profound influence on later liberal thinkers and his amazing success in transforming the political understanding of the anglo american world at the same time he also demonstrates locke s continuing relevance in current debates involving such prominent thinkers as rawls and macintyre zuckert s careful reconsideration of locke s role as launcher of liberalism

involves a sustained engagement with the hermeneutical issues surrounding locke an innovator who faced special rhetorical needs in addressing his contemporaries and the future it also involves highlighting the novelty of locke s position by examining his stance toward the philosophical and religious traditions in place when he wrote zuckert argues that neither of the dominant ways of understanding locke s relations to his predecessors and contemporaries is adequate he is not well seen as a follower of any orthodoxy nor of any anti orthodoxy of his day either philosophical or theological he found a path to innovation that was philosophically radical but which was also able to connect with prevailing and accepted traditions that allowed him to exercise a practical influence in history rarely if ever matched by any other philosopher zuckert illustrates that influence by showing how william blackstone used lockean philosophy to reshape the common law and how the americans of the eighteenth century used lockean philosophy to reshape whig political thought zuckert argues that locke s philosophy has continuing philosophic and political force a proposition he demonstrates by arguing that locke presents a form of political philosophy superior to that of the liberal theorists of our day and that he has solid rejoinders to contemporary critics of liberalism

a well researched and pertinent discussion of one of american liberalism s most important exponents choice a concise intelligent and highly readable study what is fresh and extremely valuable is the flesh that stettner puts on the bones of the old generalization about croly and liberalism this is a worthy addition to the literature on this important and influential american thinker american historical review

law and ethics can be formidable topics for many practitioners and students of public relations and related fields at the same time they need to be aware of how the law affects how they do their job and be cognizant that their actions may have ethical and legal ramifications for themselves their employers and their clients legal and ethical restraints on public relations complements traditional texts used in public relations and mass communication law courses the ethics portion of the book addresses classical approaches to ethics business ethics theories of public relations ethics and ethics codes it also provides practical guidelines for working through ethical dilemmas the remainder of the text is devoted to law first amendment theory and its relevance for public relations speech corporate and commercial speech specific areas of the law such as government regulations torts and intellectual property gower a former practicing attorney and pr professional includes meaningful cases and examples to illustrate specific legal concepts and the reasoning behind each one she prepares readers for the real world by giving them knowledge that will be integral throughout every phase of their career publisher s website

enduring liberalism pursues two objectives one it explores the political thought of public intellectuals and the general public since the 1960s two it assesses contemporary and classic interpretations of american political thought in light of the study s findings book jacket

an unflinching look at the origins philosophy meanings and impact of the radical form of conservatism that currently dominates american politics analyzing the literature books magazines newspapers and broadcast sources that define and promote conservatism toplin leads the reader on a provocative tour of the conservative mind as viewed by a liberal tour guide

voters as well as ethicists and legal experts are currently debating many of the issues inherent in balancing individual with majority and minority group rights though often there seems to be an inverse correlation between the two may washington u chairs lively multidisciplinary discussions on the in compatibility of liberty and equality with responsibility being the wild card law morality and limits on liberty in regard to freedom of speech poverty taxation and assisted suicide and equality and the clash of cultures in cases of hate speech and religious freedom vs refusal of medical treatment annotation copyrighted by book news inc portland or

beginning with the declaration of independence this analysis of thomas jefferson s moral and political philosophy focuses exclusively on the full range of moral civic and intellectual virtues that form the american character

as politicians and judges argue over the original intent of our country s founding fathers the american founding itself continues to inspire a prodigious amount of research and commentary reflecting a bewildering array of methods and interpretations alan gibson now offers readers an insightful and convenient guide through this daunting and sprawling body of scholarship comprehensive and judicious interpreting the founding provides summaries and analyses of the leading interpretive frameworks that have guided the study of the founding since the publication of charles beard s an economic interpretation of the constitution in 1913 gibson argues that scholarship on the founding is no longer steered by a single dominant approach or even by a set of questions that control its direction he also examines the challenges posed to founding scholarship by this diversity and complexity and the possibilities opened by new avenues of inquiry that have recently emerged scholars of the founding including louis hartz bernard bailyn gordon wood and garry wills that best exemplify different schools of interpretation gibson focuses on six approaches that have dominated the modern study of the founding progressive lockean liberal republican scottish enlightenment multicultural and multiple

traditions approaches for each approach he traces its fundamental assumptions revealing deeper ideological and methodological differences between schools of thought that on the surface seem to differ only about the interpretation of historical facts while previous accounts have treated the study of the founding as the sequential replacement of one paradigm by another gibson argues that all of these interpretations survive as alternative and still viable approaches each has simultaneously illuminated and masked core truths about the american founding he renders a balanced account of the current debate over the origins and foundations of the american republic and offers solid footing on the path to understanding the vast literature devoted to this important subject

from ideologies to public philosophies an introduction to political theory provides a comprehensive and systematic account of the major ideologies of the 19th and 20th centuries along with contemporary and emerging outlooks to address the essential questions of political theory explores the major ideologies of the 19th and 20th centuries while making clear distinctions for the reader between often confused interpretations of ideologies engaging reader friendly style will appeal to students and facilitate sophisticated discussions develops and defends pluralism as a broad public policy that is accepted by diverse political groups supported by a glossary of terms suggestions for further reading and other helpful student and instructor resources at blackwellpublishing com schumaker

shines a spotlight on the overlooked importance of benjamin harrison s tight victory over the democratic incumbent grover cleveland foreshadowing the modern campaign by putting a focus on voters pocketbook concerns elevated trade policy and candidate accessibility

the past thirty years have witnessed a renaissance in lockean scholarship new work and new thinking has now recast our most basic comprehension of john locke 1623 1704 as a political theorist and of locke s two treatises of government as a historical document this collection of essays investigates the implications of the new scholarship for our understanding of locke s political thought and its impact upon the liberal tradition john locke s two treatises of government has long been recognized as one of the great works of political philosophy three centuries after it was written students and scholars continue to study it for insights into the intellectual origins of the modern world and for a better understanding of such fundamental concepts as natural rights social contract limited government and the rule of law the seven essays in this volume explore various dimensions of locke s two treatises the introductory essay places the new scholarship in a historical context the next four essays show how this recent literature has affected our view of particular aspects of the two treatises its theory of politics its religious underpinnings its theory of rationality and its

conception of the relationship between politics and economics the final two essays discuss how the new scholarship has changed our understanding of the impact of the two treatises upon political thought in the eighteenth and late twentieth centuries included at the end of the text is an extended secondary bibliography on john locke s two treatises these essays do not seek closure nor do they set forth a single correct interpretation instead they offer readers a deeper appreciation of how our view of locke s two treatises has changed over the last three decades and the importance of those changes in understanding of the liberal tradition a solid contribution to the literature bringing together some of the best new scholarship on locke and reflecting the diversity breadth and depth of the current debate on both locke and early liberalism the editor s selection clearly demonstrates there is no single orthodox reading of locke and conveys the intellectually lively debate that pervades the field today ronald j terchek author of locke smith mill and the liberal concept of agency

the american liberal arts college now appears to be in a crisis that threatens its very existence critics have charged that the college no longer delivers on its promise of a liberal education and is in a state of moral collapse this book analyzes this crisis and offers a radical proposal for its resolution crimmel first explains how a college s infidelity to the ideals of liberal education adversely affects its relationship to society its educational program and its teachers he then provides a definition and a defense of liberal education s ideal finally he demonstrates that the college must not submit to any ideology political agenda or vocational interest and that the college s educational program must be centered around a set of rational theoretical and practical skills and that the college teacher must be autonomous and uncompromised by scholarly or administrative responsibilities
