triathlons such as the famously arduous ironman triathlon and extreme mountain biking hair raising events held over exceedingly dangerous terrain are prime examples of the new lifestyle sports that have grown in recent years from oddball pursuits practiced by a handful of characters into multi million dollar industries in why would anyone do that sociologist stephen c poulson offers a fascinating exploration of these new and physically demanding sports shedding light on why some people find them so compelling drawing on interviews with lifestyle sport competitors on his own experience as a participant on advertising for lifestyle sport equipment and on editorial content of adventure sport magazines poulson addresses a wide range of issues he notes that these sports are often described as authentic challenges which help keep athletes sane given the demands they confront in their day to day lives but is it really beneficial to work so hard at play is the discipline required to do these sports really an expression of freedom or do these sports actually impose extraordinary degrees of conformity upon these athletes why would anyone do that grapples with these questions and more generally with whether lifestyle sport should always be considered good for people poulson also looks at what happens when a

sport becomes a commodity even a sport that may have begun as a reaction against corporate and professional sport arguing that commodification inevitably plays a role in determining who plays and also how and why the sport is played it can even help provide the meaning that athletes assign to their participation in the sport finally the book explores the intersections of race class and gender with respect to participation in lifestyle and endurance sports noting in particular that there is a near complete absence of people of color in most of these contests in addition poulsen examines how concepts of masculinity in triathlons have changed as women's roles in this sport increase

the inequalities that structure relationships in delhi's urban slums have left the health of women living there chronically vulnerable yet for women living in slums there is no other option than to depend on someone based on fourteen months of intensive fieldwork with ten families in a delhi slum no one will let her live argues that women rely on moral strategies to confront the poverty and unstable relationships that threaten their well being claire snell rood breaks new ground by delineating the complex ways in which women set boundaries maintain their independence and develop a nuanced sense of selfhood that draws on endurance asceticism mobility and citizenship

the public outcry for a return to moral education in our schools has raised more dust than it's dispelled building upon his provocative ideas in on becoming responsible michael pritchard clears the air with a sensible plan for promoting our children's moral education through the teaching of reasonableness pritchard contends that children have a definite but frequently untapped capacity for reasonableness and that schools in a democratic society must make the nurturing of that capacity one of their primary aims as fundamental to learning as the development of reading writing and math skills reasonableness itself he shows can be best cultivated through the practice of philosophical inquiry within a classroom community in such an environment children learn to work together to listen to

one another to build on one another's ideas to probe assumptions and different perspectives and ultimately to think for themselves advocating approaches to moral education that avoid mindless indoctrination and timid relativism. Pritchard neither preaches nor hides behind abstractions; he makes liberal use of actual classroom dialogues to illustrate children's remarkable capacity to engage in reasonable conversation about moral concepts involving fairness, cheating, loyalty, truthtelling, lying, making and keeping promises, obedience, character, and responsibility. He also links such discussions to fundamental concerns over law and moral authority, the roles of teachers and parents, and the relationship between church and state. Pritchard draws broadly and deeply from the fields of philosophy and psychology as well as from his own extensive personal experience working with children and teachers. The result is a rich and insightful work that provides real hope for the future of our children and their moral education.

The author documents the rise and fall of Teamsters leader Jimmy Hoffa as witnessed by Joe Franco, one of Hoffa's most trusted lieutenants, who last saw him in 1975 as he climbed into a car at a shopping center the last time Hoffa was seen alive.
