the chinese face of jesus christ volume 1

a commentary on the book of revelation volume 2 the author presents a detailed study of the book of revelation emphasizing prophetic themes from the rest of the bible which find their fulfillment in revelation to understand this controversial book the author explores the many connections between the visions seen by the apostle john and previous prophetic revelation given to old testament prophets such as daniel ezekiel and others it is the author s conviction that an understanding of related passages elsewhere in the bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the bible the commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides

excerpt from the life of jesus the christ vol 1 but such controversial lives of christ are not the best for general reading while they may lead scholars from doubt to certainty they are likely to lead plain people from certainty into doubt and to leave them there i have therefore studiously avoided a polemic spirit seeking to produce conviction without controversy joubert finely says state truths of sentiment and do not try to prove them there is danger in such proofs for in arguing it is necessary to treat that which is in question as something problematic now that which we accustom ourselves to treat as problematic ends by appearing to us as really doubtful in things that are visible and palpable never prove what is believed already in things that are certain and mysterious mysterious by their greatness and by their nature make people believe them and do not prove them in things that are matters of practice and duty command and do not explain fear god has made many men pious the proofs of the existence of god have made many men atheists from the defiance springs the attack the advocate begets in his hearer a wish to pick holes and men are almost always led on from a desire to contradict the doctor to the desire to contradict the doctrine make truth lovely and do not try to arm her about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
