part of a k 5 mathematics curriculum with curriculum units for classroom use and resources for teachers the investigations curriculum was developed at terc formerly technical education research centers

use this book as your guide to develop a performance based curriculum based on language arts standards recommended by the national council of teachers of english and the international reading association take your students beyond knowledge and basic skills by teaching them to be accountable for showing what they are learning using this performance orientation requires your students to apply their knowledge in a learning performance you can both observe and measure educators parents business and industry leaders and community member throughout the nation want students to be able

to demonstrate what they learn shifting the focus from knowing to showing means your instruction curriculum assessment evaluation and reporting will be oriented around these learning performances performance based curriculum for language arts offers you a framework for a logical incremental transition to a performance based orientation provides performance benchmarks to assess progress at grades 3 5 8 and 12 the performance benchmarks will help you organize what you teach around a clear set of content concept standards organize how you teach by emphasizing what students need to do with what they know focus your instruction around the six major strands of language arts listening speaking reading writing viewing and representing center your students on what they will need to demonstrate in a formal evaluation of their learning communicate to parents your clear and rigorous academic focus on performance based education also includes templates you can customize and use for teaching your students to show what they know and technology connections to apply measurable performance based learning to computer aided classrooms

performance based curriculum for social studies offers you a unique model for creating school district or classroom curricula that shifts the focus from content alone to a more balanced one that aligns curriculum quality and context with content

organized according to the reading first categories of reading development and instruction as presented in the report of the national reading panel this exciting and timely new text presents teaching strategies for children at risk including children of poverty children for whom english is not their primary language and children with learning and behavioral disabilities these are the children no child left behind challenges teachers to serve more effectively the book is more than a list of teaching strategies that are scientifically validated the scientifically validated practices included are integrated into a systematic teaching process that stresses the use of student outcome data within authentic classroom contexts to guide practice the teaching strategies have been field tested with at risk children in both rural and urban teaching settings most of the strategies have resulted from work the authors did in their recent four year federally funded model demonstration grant in which they have implemented an extensive reading problem prevention model in grades k 3 in three inner city schools thus the teaching strategies in the book are ones that the authors implemented every day with at risk children not just findings from research articles features of this first edition include content organized around the five components validated by the national reading panel phonemic awareness phonics fluency vocabulary and comprehension readers learn how to use dibels and other curriculum based assessment results for early identification of children at risk of reading failure and to monitor student progress a unique feature is using dibels assessments to pinpoint student skill development as they acquire alphabetic principle accompanying dvd shows teacher explicitly teaching letter sound recognition regular word decoding sight words multisyllable word reading passage reading vocabulary and comprehension text explains how to use differentiated instruction to maximize learning for all students specific strategies are detailed for implementing response to intervention rti multi tier instruction during the reading block examines building vocabulary knowledge through direct and indirect teaching strategies comprehension strategies identified by the

national reading panel that help students derive meaning from text are emphasized strategies for individualizing instruction for adolescents and children who are bilingual and or esl are included within each chapter effective strategies for managing classroom behavior including instruction groups are provided so that student behavior does not interfere with reading instruction

authors sandra mcintire and leslie miller have accomplished what few before them have been able to they have written a psychological testing book that is designed to lay a true foundation for learning and understanding the primary objective of this text is not to dwell on the details of individual psychological tests but to focus on the core concepts psychometrics required to gain an appreciation of how to use the tests properly written in response to a growing need for a textbook on psychological testing conducive to maximal student learning an introduction psychological testing gives students an understanding of the basic concepts issues and tools used in psychological testing it then effectively illustrates how these concepts issues and tools are relevant to them in everyday educational clinical and organizational settings

this text for assessment courses focuses on showing prospective teachers how to develop assessments that accurately reflect student achievement and how to use those assessments to benefit not merely grade student learning a variety of hands on practice activities provide clear guidance on how to construct all types of assessment items and tests

lesson plans are required of all k 12 teachers daily planning for today s classroom instructs pre service or in service teachers how to write effective plans that in turn promote student learning

for courses in classroom assessment test and measurement and training of teachers this core text for courses in classroom assessment is the leading text for courses where the focus is squarely on teaching teachers and preservice teachers how to assess students in their day to day classrooms it takes a stronger focus than any other book on integrating assessment and instruction and it provides very clear guidance on how to construct all types of items and tests but also explains better than any other text what each type of item can and cannot assess

includes more than 6000 leveled books cover

focus in grades 3 5 is part of a series that shows teachers how to incorporate nctm s curriculum focal points for prek 8 into their current mathematics curricula the book provides practical ideas sample student work and a sample state math curricula organised around the focal points by focusing more intensely on fewer topics at each grade level students gain a deeper understanding of mathematical ideas this volume will help teachers think about what a focused curriculum means and how they might begin to build focus into their existing curricula
