for centuries international trade has been seen as essential to the wealth and power of nations more recently we have started to understand its problematic role as an engine of

distributive justice in this compelling book frank j. garcia proposes a new way to evaluate construct and manage international trade one that is based on norms of economic justice comparative advantage and national interest garcia examines three ways to conceptualize the problem of trade and global justice drawn from rawlsian liberalism communitarianism and consent theory these approaches illustrate specific issues of importance to the way global justice has been theorized offering a pluralistic mode of arguing for global justice and highlighting the unique modes of discourse we employ when engaging with global justice and their implications for conceptualizing and arguing the problem garcia suggests a new direction for trade agreements built around truly consensual trade negotiations and the kind of international economic system they would structure

geoffrey robertson qc acclaimed author of the case of the pope presents a freshly updated version of his masterwork crimes against humanity in this fresh edition of the book that has inspired the global justice movement geoffrey robertson qc explains why we must hold political and military leaders accountable for genocide torture and mass murder the crimes against humanity that have disfigured the world he shows how human rights standards can be enforced against cruel governments armies and multi national corporations this seminal work now contains a critical perspective on recent events such as the obama administration's use of drone warfare the charles taylor conviction the trials of mladic karadzic and khalid sheik mohammed and the mullahs without mercy soon with nuclear arms millions will be reading his book in the century to come if we are serious in our intention to stop massacres observer his arguments are exceptionally clear and comprehensible and legal complexities are rendered into simple and lucid prose sunday telegraph geoffrey robertson qc has appeared as counsel in landmark human rights cases in british international and commonwealth courts he is head of doughty street chambers and visiting professor in human rights at birkbeck college his other books include freedom the individual and the law and media law both in penguin and his memoir the justice game was published in 1998 he lives in london

global justice the basics is a straightforward and engaging introduction to the theoretical study and practice of global justice it examines the key political themes and philosophical debates at the heart of the subject providing a clear outline of the field and exploring the history of its development the current state of play its ongoing interdisciplinary

development using case studies from around the world which illustrate the importance of the debates at the heart of global justice as well as activist campaigns for global justice the book examines a wide range of theoretical debates from thinkers worldwide making it ideal for those seeking a balanced introduction to global justice

john rawls was unquestionably the most important moral and political philosopher of the last one hundred years his a theory of justice published in 1971 is already a classic text and his political philosophy is more widely studied than that of any other theorist interest in rawls s work has increased still further since his recent death and the publication of his complete works but until now there has been no single volume that explores the legacy of his work this book fills the void making a substantial contribution not only to work on rawls s thought but to contemporary debates in ethics and justice as well the book will be of great interest to academics and students in philosophy politics and law departments alike

global theory represents an influential and popular means of understanding contemporary social and political phenomena human identity and social responsibilities are considered in a global context and in the light of a global human condition a global perspective is assumed to be new and to supersede preceding social theory however if contemporary global theory is influential its identity assumptions and novelty are controversial global theory from kant to hardt and negri scrutinises global theory by examining how contemporary global theorists simultaneously draw upon and critique preceding modern theories it re thinks contemporary global ideas by relating them to the social thought of kant hegel and marx and in so doing highlights divergent ambiguous aspects of contemporary global theories as well as the continuing impact of the ideas of kant hegel and marx

global crime and justice offers a transnational examination of deviance and social controls around the world unlike many cj texts detailing the systems of select nations or books that merely catalog types of international crime global crime and justice provides a critical and integrated investigation of the nature of crime and how a society reacts to it the book first details types of international crime including genocide war crimes international drug and weapons smuggling terrorism slavery and human trafficking the second half covers international law international crime control the use of martial law and the challenges of

balancing public order and human and civil rights

as a fascinating study of global justice in asia this book presents a series of contributions reflecting upon the conditions of a greater involvement of east asian traditions of thought in the debate on global justice including chapters on diverse issues such as global social inequalities human rights practice and the functioning of international institutions this book examines the political cultures of east asia in order to help political theorists better appraise the distinctiveness of non western ideas of justice confirming the persistence of a strong social ethos the contributions also demonstrate the long lasting influence of buddhism taoism and confucianism in shaping east asian public conceptions of justice bringing much needed non western voices to the global justice debate this book will appeal to students and scholars of politics law and philosophy as well as activists involved in the global justice movement

this two volume encyclopedia of global justice published by springer along with springer s book series studies in global justice is a major publication venture toward a comprehensive coverage of this timely topic the encyclopedia is an international interdisciplinary and collaborative project spanning all the relevant areas of scholarship related to issues of global justice and edited and advised by leading scholars from around the world the wide ranging entries present the latest ideas on this complex subject by authors who are at the cutting edge of inquiry the encyclopedia sets the tone and direction of this increasingly important area of scholarship for years to come the entries number around 500 and consist of essays of 300 to 5000 words the inclusion and length of entries are based on their significance to the topic of global justice regardless of their importance in other areas

do we have moral duties to people in distant parts of the world if so how demanding are these duties and how can they be reconciled with our obligations to fellow citizens every year millions of people die from poverty related causes while countless others are forced to flee their homes to escape from war and oppression at the same time many of us live comfortably in safe and prosperous democracies yet our lives are bound up with those of the poor and dispossessed in multiple ways our clothes are manufactured in asian sweatshops the oil that fuels our cars is purchased from african and middle eastern dictators and our consumer lifestyles generate environmental changes that threaten

bangladeshi peasants with drought and famine these facts force us to re evaluate our conduct and to ask whether we must do more for those who have less helping students to grapple with big questions surrounding justice human rights and equality this comprehensive yet accessible textbook features chapters on a variety of pressing issues such as immigration international trade war and climate change suitable for undergraduate and graduate students alike the book also serves as a philosophical primer for politicians activists and anyone else who cares about justice

the dogs of war

the handbook will address a range of issues that have emerged out of recent social and political theory it will focus on key themes as opposed to schools of thought or major theorists each chapter is an emerging cutting edge topic that is of interest both to social theory and to political theory most topics will have a clear and substantive focus on social or political problems

a systematic and thorough comparison between canada s and britain s actions on climate change

responding to climate change has become an industry governments corporations activist groups and others now devote billions of dollars to mitigation and adaptation and their efforts represent one of the most significant policy measures ever dedicated to a global challenge despite its laudatory intent the response industry or climate inc is failing reimagining climate change questions established categories routines and practices that presently constitute accepted solutions to tackling climate change and offers alternative routes forward it does so by unleashing the political imagination the chapters grasp the larger arc of collective experience interpret its meaning for the choices we face and creatively visualize alternative trajectories that can help us cognitively and emotionally enter into alternative climate futures they probe the meaning and effectiveness of climate protection from below forms of community and practice that are emerging in various locales around the world and that hold promise for greater collective resonance they also question climate protection from above in the form of industrial and modernist orientations and examine large scale agribusinesses as well as criticize the concept of resilience as it is

presently being promoted as a response to climate change this book will be of great interest to students and scholars of climate change global environmental politics and environmental studies in general as well as climate change activists

list of members in v 1

marketing global justice is a critical study of efforts to sell global justice the book offers a new reading of the rise of international criminal law as the dominant institutional expression of global justice linking it to the rise of branding the political economy analysis employed highlights that a global elite benefit from marketised global justice whilst those who tend to be the faces of global injustice particularly victims of conflict are instrumentalised and ultimately commodified the book is an invitation to critically consider the predominance of market values in global justice suggesting an occupying of global justice as an avenue for drawing out social values

relational theory starts from the ontological fact of our being in networks of relationships and draws out what this means for theories of knowledge and for moral and political theory this book uses insights from feminist relational theory to outline the ontological epistemological and moral political implications of this theoretical approach the chapters in this volume focus on relationships of power and oppression how these relationships shape who is taken to have knowledge and who is dismissed or ignored and what all of this means for theories of equality justice and moral and political theory more generally a focus on relationships of power and oppression opens up an examination into structures such as colonialism and capitalism that shape interconnected networks of relationships between humans and human and non human entities and ecosystems this volume which now includes eight additional chapters published both before and after the original special issue offers a significant step forward in the development of feminist relational theory following early forays in identifying and criticizing mainstream liberal theory in the western tradition chapters in this collection draw on approaches by anti oppression theorists found in critical disability critical race anti colonial decolonial and non western theories to further broaden the descriptions and analyses of relationships and networks of relationships and to extend and advance feminist relational theory and its applications the chapters in this book were originally published in the journal of global ethics

the global justice debate has been raging for forty years not merely the terms and conditions but more deeply the epistemic existential and ethical grounds of the international relations of persons states and institutions are being determined debated and negotiated yet the debate remains essentially a parochial one confined largely to western intellectuals and institutional spaces an introduction to the field is therefore still urgently required because it remains necessary to include more global voices into this debate of worldwide reach and significance the book addresses this need in two closely related ways in part i it introduces the main contours of the debate by reproducing three of the most fundamental and influential essays that have been composed on the topic essays by peter singer thomas pogge and thomas nagel in part ii it makes a decisive critical intervention in the main stream of the debate through exposing the participation deficit afflicting the theorization of global justice this part begins with a well known essay by amartya sen who famously referred to the parochialism of the global justice debate in making a break with the rawlsian paradigm that has dominated the field until now finally a series of lively essays newly composed for this volume reflect on the possibilities for deparochializing global justice opened up by sen s work in this area the book will be useful for students of international relations postcolonial studies political theory and social and political philosophy as well as for those engaged in studies of globalization or global studies

a law professor draws from social and cultural theory to defend her idea that that intellectual property law affects the ability of citizens to live a good life and prohibits people from making and sharing culture

pursuing justice second edition examines the issue of justice by considering the origins of the idea formal systems of justice current global issues of justice and ways in which justice might be achieved by individuals organizations and the global community part 1 demonstrates how the idea of justice has emerged over time starting with religion and philosophy then moving to the justice as a concern of the state and finally to the concept of social justice part 2 outlines the very different mechanisms used by various nations for achieving state justice including systems based on common law civil law and islamic law with a separate discussion of the us justice system part 3 focuses on four contemporary issues of justice war genocide slavery and the environment finally part 4 shows how individuals and organizations can go about pursuing justice and describes the rise of global

justice this updated timely book helps students understand the complexities and nuances of a society's pursuit of justice it provides students with the foundations of global justice systems integrating greek philosophies and major religious perspectives into a justice perspective and contributes to undergraduate understanding of international justice bodies ngos and institutions new edition is completely updated and revised to achieve relevance for today's students covers concepts of justice as well as ideas for pursuing and achieving justice examines how our modern laws began and traces their evolution to today's laws presents concepts and issues in justice studies as well as a comparison of several systems of law teaching resources include discussion questions and real world examples
