this book serves as a critical examination of contemporary american literature by examining david foster wallace's incorporation of corporeal narrative techniques in his novels with a particular focus on the broom of the system infinite jest and the pale king by employing corporeal narratology as a conceptual framework it sheds light on wallace's profound exploration of the human body and its societal implications through detailed analysis the book reveals how wallace's narratives serve as a critique of contemporary issues such as self alienation consumerism and the dehumanizing effects of modern society designed for scholars and students of literature cultural studies and narrative theory this book provides a comprehensive understanding of wallace's literary legacy and his keen observations on the complexities of human existence in the modern world

a profound exploration into the spiritual beliefs and practices of seattle's unhoused youth soul woundedness is an intimate piercing book about everyday life for young adults living on the streets of seattle based on over five years of research and as a participant observer paul houston blankenship lai presents the personal experiences of street kids highlighting how their spiritual beliefs and practices offer them comfort a sense of community and a feeling of belonging amidst their struggles they also demonstrate how spirituality on the streets can alienate people from themselves and the world the stories blankenship lai tells here are about how social wounds go soul deep and how seemingly antireligious spiritual practices fashioned in an almost unlivable local world help people create a life still worth living by paying deep sustained attention to what spirituality is like on the streets and what difference it makes blankenship lai uncovers an important overlooked dimension in the experience and study of homelessness they invite us to enter these stories and to question how our own spiritual and otherwise practices can help create a more loving love aimed at a diverse audience soul

woundedness is a book not merely to educate but to transform it is particularly relevant for those interested in spirituality's role in addressing social inequities and underscores the importance of spiritual practices in overcoming adversity and promoting social change making a compelling case for a world where everyone has a place to call home

this book examines how radio announcers construct, prepare and perform their on-air personalities during a time when the radio industry is fighting to stay relevant amid expanding media options. Crider conducted interviews with key on-air personnel at eleven broadcast stations in order to analyze how each individual created a narrative on-air. Personality conducted conversations outside of their performance were affected by the setting and situation. Embracing the role of the listening audience and reduced the social distance between them and listener, Crider argues that the successful deployment of on-air identity across multiple channels in person, online and through social media as well as broadcast provides assurance that a space for radio will remain despite the expanding number of media options.

this book is about how people construct career stories. The stories we use to make sense of our work life. Mark Scillio explores the idea of security in the current turbulent employment climate, investigating employment experiences in developed wealthy countries like Australia, the United States and the United Kingdom, where careers have become fragmented, complex and uncertain. Using Anthony Giddens' notion of ontological security, Scillio develops a concept of career security that goes beyond economic and financial concerns and encompasses the personal and social meaning of work. The ramifications of succeeding or failing to forge a good career narrative are explored through a series of detailed case studies.

this book examines the writing of David Foster Wallace, hailed as the voice of a generation. On his death, critics have identified horror of solipsism, obsession with sincerity and a corresponding ambivalence regarding postmodern irony and detailed attention to contemporary culture as the central elements of Wallace's writing. Clare Hayes Brady draws on the evolving discourses of Wallace studies, focusing on the unifying anti-teleology of his writing, arguing that that position is a fundamentally political response to the condition of neo-liberal America. She argues that Wallace's work is most unified by its resistance to closure, which pervades the structural, narrative and stylistic elements of his writing. Taking a broadly thematic approach to the numerous types of failure or lack of completion visible throughout his work, the book offers a framework within which to read Wallace's work as a coherent whole rather than split along the lines of fiction versus non-fiction or pre- and post-infinite jest. Two critical positions that have become dominant over the last five years while demonstrating the centrality of failure, the book also explores Wallace's approach to sincere communication as a recurring response to what he saw as the inane self-absorbed commodification of language and society, along with less explored themes such as gender naming and heroism. Situating Wallace as both a product of his time and an artist *sui generis*, Hayes Brady details his abiding interest in philosophy, language and the struggle for an authentic self in late twentieth-century America.

mostly candid and spontaneous documentary photography serves to preserve a moment in time in lens on life. Celebrated documentary photographer and author of the best-selling *The Art of iPhoneography: A Guide to Mobile Creativity*, Stephanie Calabrese Roberts, inspires you to explore, shoot and share documentary photographs, guiding you as you define your own style.
