the routledge handbook of civil military relations not only fills this important lacuna but offers an up to date comparative analysis which identifies three essential components in civil military relations 1 democratic civilian control 2 operational effectiveness and 3 the efficiency of the security institutions this handbook will be essential reading for students and practitioners in the fields of civil military relations

recent controversies about ronald reagan s visit to the bitburg military cemetery and revelations about kurt waldheim s past underscored the political problems inherent in germany s military traditions and in the relationship of the army to national socialism the allied victors disbanded the german armed forces after world war ii only to press for the arming of the federal republic of germany under the altered political conditions of the cold war this book is the first comprehensive narrative and analysis of the efforts of german military professionals to discover for their new army an acceptable body of tradition in the proud ambiguous and at times criminal history of the german soldier the author shows that despite a complex of political obstacles the founders of the bundeswehr generally succeeded in persuading the international community and germany itself that the army of the 1950s and 1960s would not revive the militarism of the past however the rapidity of the military buildup was a major drawback to their reform ideas certain officers and ncos in the bundeswehr undercut changes made by the leadership and the debate on tradition building became a major political issue in the federal republic and nato originally published in 1989 the princeton legacy library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of princeton university press these editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions the goal of the princeton legacy library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by princeton university press since its founding in 1905

the present volume puts forward two propositions first the altered face of armed conflict in the early twenty first century remains political in the sense that clausewitz suggested to his readers in the early nineteenth century amid the nationalization of war and the eclipse of the old régimes of dynastic absolutist europe second this book reflects the author s conviction that the men and women at arms of nato and the european union must know and understand one another within the respective national experiences of war and peace especially as the soldier and politics evolve in and among the twenty six nato allies such knowledge forms the basis for sound policy and efficacious strategy in an age of proliferating conflict

im dritten teil werden sieben querschnittsthemen bearbeitet die sich mit den entwicklungsmöglichkeiten der esvp den transatlantischen beziehungen und den beziehungen zur osze und zur uno befassen verlag

this volume suggests a model of collective memory that distinguishes between two conceptual logics of memory fragmentation vertical fragmentation and horizontal fragmentation it offers a series of case studies of conflict and post conflict collective memory shedding light on the ways various actors participate in the production dissemination and contestation of memory discourses with attention to the characteristics of both vertical and horizontal memory fragmentation the book addresses the plurality of diverging and often conflicting memory discourses that are produced within the public sphere of a given community it analyzes the juxtaposition tensions and interactions between narratives produced beyond or below the central state often transcending national boundaries the book is structured according to the type of actors involved in a memory fragmentation process it explores how states have been trying to produce and impose memory discourses on civil societies sometimes even against the experiences of their own citizens and how such efforts as well as backlash from actors below and beyond the state have led to horizontal and vertical memory fragmentation furthermore it considers the attempts by states representatives to reassert control of national memory discourses and the subsequent resistances they face as such this volume will appeal to sociology and political science scholars interested in memory studies in post conflict societies
