no detailed description available for the semantics of the modal auxiliaries in contemporary german

designed to provide english readers of german literature the opportunity to familiarize themselves with both the established canon and newly emerging literatures that reflect the concerns of women and ethnic minorities the encyclopedia of german literature includes more than 500 entries on writers individual work and topics essential to an understanding of this rich literary tradition drawing on the expertise of an international group of experts the essays in the encyclopedia reflect developments of the latest scholarship in german literature culture and history and society in addition to the essays author entries include biographies and works lists and works entries provide information about first editions selected critical editions and english language translations all entries conclude with a list of further readings

no detailed description available for the complete index to literary sources in film

despite his significance the role of austrian politician bruno kreisky remains under represented in anglo american cold war scholarship serving as foreign minister from 1959 to 1966 and chancellor from 1970 to 1983 his political career oversaw seismic developments in both austria s postwar recovery and broader international relations with the middle east the communist bloc and the united states in this enlightening and geographically wide ranging reappraisal of his life and legacy bruno kreisky s foreign policy a reassessment seeks to reinstate the global repercussions of kreisky s work ranging from his involvement in the marshall plan to his role in the arab israeli conflict this volume highlights how kreisky profoundly reshaped the geopolitical landscape of the modern era

this comprehensive guide is an ideal reference work for film specialists and enthusiasts first published in 1984 but continuously updated ever since cinegraph is the most authoritative and comprehensive encyclopedia on german speaking cinema in the

german language this condensed and substantially revised english language edition makes this important resource available to students and researchers for the first time outside its german context it offers a representative historical overview through biographical entries on the main protagonists from the beginnings to the present day included are directors and actors writers and cameramen composers and production designers film theorists and critics producers and distributors inventors and manufacturers an appendix includes short introductory essays on specific periods and movements such as early film weimar nazi cinema defa new german cinema and german film since unification as well as on cinematic developments in austria and switzerland sections that crossreference names around specific professional groups and themes will prove equally invaluable to researchers

includes entries for maps and atlases

this volume provides an excellent introduction to the modern and contemporary novel in german speaking countries and the work of novelists such as günter grass heinrich böll martin walser and christa wolf

discusses contemporary experimental and computational studies on the anomeric effect and related stereoelectronic effects and presents conflicting data and theories in this highly controversial area explores applications in carbohydrate chemistry including enzymology as well as organometallic chemistry and the chemistry of phosphates and sulfates includes examination of molecular modeling methods in compounds influenced by stereoelectronic effects
