an illustrated introduction to niagara falls including a variety of historical and geographical facts and anecdotes also includes a list of things to do

the encyclopedia of new york state is one of the most complete works on the empire state to be published in a half century in nearly 2 000 pages and 4 000 signed entries this single volume captures the impressive complexity of new york state as a historic crossroads of people and ideas as a cradle of abolitionism and feminism and as an apex of modern urban suburban and rural life the encyclopedia is packed with fascinating details from fields ranging from sociology and geography to history did you know that manhattan s lower east side was once the most populated neighborhood in the world but hamilton county in the adirondacks is the least densely populated county east of the mississippi new york is the only state to border both the great lakes and the atlantic ocean the erie canal opened new york city to rich farmland upstate and to the west entries by experts chronicle new york s varied areas politics and persuasions with a cornucopia of subjects from environmentalism to higher education to railroads weaving the state s diverse regions and peoples into one idea of new york state lavishly illustrated with 500 photographs and figures 120 maps and 140 tables the encyclopedia is key to understanding the state s past present and future it is a crucial reference for students teachers historians and business people for new yorkers of all persuasions and for anyone interested in finding out more about new york state

while traveling through canada in 1678 a french priest came across the most gigantic waterfalls he d ever seen stricken with both awe and fear he began to shake fell to his knees and prayed ever since people from all over the world have come to explore niagara among them the daredevils determined to tumble down or walk across the falls on tightrope kids will get a kick reading about the hare brained stunts and will also learn how the falls were formed and how one day they will disappear

niagara falls was a lightning rod for nineteenth century enthusiasms although travelers came to the falls to experience a place they considered outside the world of their ordinary lives they brought with them their contemporary concerns many tourists were obsessed with the mysteries of death others with scientific or religious speculation the way they imagined niagara falls found expression in a torrent of writings and images that took a variety of forms patrick mcgreevy begins with the question what can these visions of niagara tell us about the place itself the landscape surrounding the falls contains not only parks and religious shrines but also circuses horror museums and factories people travel to niagara not only to experience nature but also to celebrate marriages or commit suicide one way to make sense of these bizarre human accumulations as h g wells called them is to take seriously the niagaras people have imagined this book focuses on four interlocking themes that recur time and again in descriptions of the falls niagara as a thing imagined from afar as a metaphor for death as an embodiment of nature and as a focus of future events using the skills of a cultural geographer mcgreevy discovers some surprising connections between the niagara people have imagined and the one they made between its natural grandeur and its industrial exploitation between frederick law olmsted s reservation and the love canal
