provides the first comprehensive analysis of the history of returning german pows after the second world war explored as a history of memory both during germany's division and after unification

an indispensable reference on concentration camps death camps prisoner of war camps and military prisons offering broad historical coverage as well as detailed analysis of the nature of captivity in modern conflict this comprehensive reference work examines internment forced labor and extermination during times of war and genocide with a focus on the 20th and 21st centuries and particular attention paid to world war ii and recent conflicts in the middle east it explores internment as it has been used as a weapon and led to crimes against humanity and is ideal for students of global studies history and political science as well as politically and socially aware general readers in addition to entries on such notorious camps as abu ghraib andersonville auschwitz and the hanoi hilton the encyclopedia includes profiles of key perpetrators of camp and prison atrocities and more than a dozen curated and contextualized primary source documents that further illuminate the subject primary sources include united nations documents outlining the treatment of prisoners of war government reports of infamous camp and prison atrocities and oral histories from survivors of these notorious facilities

this book a worthy sequel to the opening of the second world war peter lang 1991 takes an unprecedented approach the closing of the war from the losing side's point of view the period discussed spans from january 1945 with the end of hitler's last hope the ardennes counter offensive to the japanese surrender in mid august the situation for the axis is presented by german italian and japanese historians and the allied responses are by british french russian american slovene and new zealand scholars the foreword covers commemorative events in germany italy and japan in the period 1990 1999

superb david aaronovitch the times a punchy account that is a proper page turner financial times the last days of the third reich have often been told but seldom with the verve perception and elegance of volker ullrich's rich narrative richard overly author of the bombing war 1 may 1945 the world did not know it yet but the final week of the third reich's existence had begun hitler was dead but the war had still not ended everything had both ground to a halt and yet remained agonizingly uncertain volker ullrich's remarkable book takes the reader into a world torn between hope and terror violence and peace ullrich describes how each day unfolds with germany now under a new fñhrer admiral dñnitz based improbably in the small baltic town of flensburg with hitler dead berlin in ruins and the war undoubtedly lost the process by which the fighting would end remained horrifyingly unclear many major nazis were still on the loose wild rumours continued to circulate about a last stand in the alps and the western allies falling out with the soviet union all over europe millions of soldiers prisoners slave labourers and countless exhausted grief stricken and often homeless families watched and waited for the war's end eight days in may is the story of people in erich klñstner's striking phrase stuck in the gap between no longer and not yet a fast paced brilliant recounting of the turbulent last days of the third reich with all the energy and chaos of a jackson pollock canvas helmut walser smith author of germany a nation in its time

in january 1943 president roosevelt with churchill alongside him proclaimed that the allies would fight until germany surrendered unconditionally he explained that this did not mean the end of the german

people but did mean the total destruction of nazism this book charts the military defeat of germany in 1944 and 1945 and goes on to explore how the allies tried after the german surrender to destroy nazism and all it stood for it highlights the appalling conditions in germany after the war and details how the allies abolished the nazi party and sought to punish its leaders at nuremberg it also examines the wider process of denazification the removal of former nazis from public life and the elimination of nazi ideas and influences from education the media and the arts inevitably this caused much friction between wartime allies and the now occupied german population a situation made worse by cold hunger psychological trauma and the desperate resistance of remaining nazi fanatics this book balances the viewpoints of occupiers and germans in its analysis of how the third reich was defeated and its social system dismantled

for the past 100 years some of the greatest historians and political scientists of the twentieth century have picked apart analyzed and reinterpreted this sequence of events taking place within a single month in july early august 1914 the four years of fighting during world war i destroyed the international system put into place at the congress of vienna in 1814 15 and led to the dissolution of some of the great old empires of europe austrian hungarian ottoman russian the 100th anniversary of the assassination of the austrian successor to the throne archduke francis ferdinand and his wife sophie in sarajevo unleashed the series of events that unleashed world war i the assassination in sarajevo the spark that set asunder the european powder keg has been the focus of a veritable blizzard of commemorations scholarly conferences and a new avalanche of publications dealing with this signal historical event that changed the world contemporary austrian studies would not miss the opportunity to make its contribution to these scholarly discourses by focusing on reassessing the dual monarchy s crucial role in the outbreak and the first year of the war the military experience in the trenches and the chaos on the homefront

we also suggest that the intellectual biographies of thinkers and professionals are fertile soil for biographical study moreover the prosopographical study of common folks in the austrian population lifts these lives from the dark matter of anonymous masses and gives rich insight into the lives that ordinary austrians have been leading we present an array of political lives including that of ignaz seipel and therese schlesinger eckstein as well as lives of the mind which capture the lives of fascinating intellectual figures in pre and post world war ii vienna such as viktor frankl and eugenie schwarzwald the approaches to writing biography taken in this volume also suggest that much work needs to be done to shed light on the lives of ordinary austrians in this volume we have biographical accounts detailing the lives of soldiers prisoners of war and farming families
