terrorism freedom fighters armed struggle adrian guelke questions whether terrorism has evolved into a new form of political violence or whether it remains essentially unchanged with violent acts by small groups pursuing their struggles against imperialism and the west he explores the varying perceptions of and reactions to violent acts in the developed and developing worlds both within and across national boundaries and examines how terrorist groups join the peace process and take their part in state society and legitimate government this stimulating and strongly argued interpretation of terrorism uncovers its theoretical and practical mainsprings and shows that 9 11 the subsequent attacks in london madrid bali and even the concept of a global war on terrorism may have changed perceptions and increased the fear of mass casualties but have not altered its basic nature

the definitive guide to the homeland security enterprise updated with critical changes in missions tactics and strategies international terrorists and rogue nations continue to threaten u s citizens while domestic extremist groups seek to attack the american way of life and hackers take advantage of the internet to inflict new types of havoc at work and home meanwhile today s human made and natural disasters can impact communities on the scale of weapons of mass destruction given the range and intensity of today s threats we re all on the front lines of national security the most detailed and comprehensive work of its kind homeland security a complete guide provides insights to keep yourself your family your business and your community safe from terrorism and disaster written by two global experts on domestic security this new edition brings you

up to date on the latest threats to u s security and the most effective methods for eliminating or mitigating them homeland security a complete guide third edition has been expanded and revised to include new insights on cyber security electro magnetic pulse and other emerging threats new techniques and controversies such metadata collection surveillance by us intelligence agencies drones interrogation and countering violent extremist programs new information about homegrown terrorism and radicalization new content about isis and foreign fighters new information about controversial domestic extremist groups like antifa blm and the altright this edition retains the critical information that has made it the go to guide for leaders and concerned citizens alike from the history of american homeland defense from the nation s earliest days to the events of 9 11 from and the birth of the department of homeland security to the emergence of today s vast homeland security enterprise with the important updates in this edition you will be even better prepared for terrorism and disasters

global terrorism 3rd edition continues to provide students with the most comprehensive introduction to terrorism as a global phenomenon it introduces students to history politics ideologies and strategies of both contemporary and older terrorist groups written in a clear and accessible style each chapter explains a different aspect of terrorism and illustrates this with a wide variety of detailed case studies from across the world although the focus is on the contemporary the book also includes discussion of older terrorist groups building on the strengths of the previous editions this edition has been revised and upadted throughout and includes new material on strategies of terrorism the future of al qaeda after the death of bin laden changes in the middle east new case studies on hizbollah afghanistan pakistan aum shinrikyo japan militia movement in the us the unique combination of a genuinely historical focus and truly global coverage makes this an ideal introductory textbook for anyone studying terrorism

this book is primarily addressed to the muslim and non muslim intelligentsia professionals teachers students and political activitists residing in the west as well as in the muslim world it contains chapters that will enable them to wrestle with the multitute of problems inhibiting a cordial relationship between the west and the muslim world this book containing edited papers presented in a conference hopefully will open serious dialogues for a just peaceful world order

the salient feature of this book is its comprehensive but concise approach to the field of terrorism particularly its causes and effects and the application of this information to selected case studies political terrorism an interdisciplinary approach is easy to read and designed to answer common questions asked by undergraduate and graduate students without prior exposure to the study of terrorism this book is accessible to practitioners those individuals working or aspiring to work in the fields of criminal justice

and national security and policymakers in the counterterrorism field as well as members of the mass media covering stories on terrorism political terrorism is sensitive to the global ramifications of terrorism and the responses to it this book maintains a balance between realism and sensationalism and offers a more comprehensive understanding of the causes and effects of terrorism than do most other texts political terrorism integrates scholarly analysis with current events by relying on recent media accounts and information gathered by responsible news outlets the text features end of chapter questions as well as exhibit boxes that provide background details on items of interest to students and instructors

presents a collection of articles on international economics by leading economists drawn from various scholarly sources like foreign affairs the brookings institution finance and development federal reserve publications the journal of economic perspectives this work is useful for undergraduates or masters students

written by a variety of experts on terrorism and extremism this volume contains original cutting edge essays that cover unusual aspects of these subjects and illuminate the significant developments and trends taking place in the field the reader also examines some important case studies and offers new insights into topics of growing concern and pressing importance individual units examine domestic international cultic and atavistic terrorism and the book concludes with a section on post 9 11 security concerns for intergovernmental organizations national governments policy analysts law enforcement groups scholars and a society at large faced with the arrival of tumultuous times

this book provides the reader with an introduction to the concept and practice of terrorism embedded within a firm understanding of politics and social structure it explores the major theories typologies strategies ideologies practices and responses to contemporary political terrorism

robert ivie discusses democracy s centrality to the national identity and how prevailing constructions of democracy constitute a republic of fear in which the threat of foreign and domestic others is chronically exaggerated through rituals of vilification and victimization

global terrorism has become a frightening reality the situation calls for greater engagement with the public as the necessary eyes and ears of the global anti terrorism coalition however to be effective the public must be equipped with the knowledge of how why and where an individual becomes a terrorist this is the primary goal of this set which seeks to answer one central question what do we currently know about the transformation through which an individual becomes a terrorist

examines such incidents as the 1993 world trade center bombing the tokyo subway nerve gas attack and the killing of abortion clinic doctors in the u s to explore the reasons behind acts of violence committed for religious causes
