this newest edition contains all new examples larger photographs and plenty of advice for taking top notch digital photos dealing with image resolution archiving and more

gives an ethnographic account of the complexities of the use of photography in africa both historically and in contemporary

practice this collection of studies in african photography examines through a series of empirically rich historical and ethnographic cases the variety of ways in which photographs are produced circulated and engaged across a range of social contexts in so doing it elucidates the distinctive characteristics of african photographic practices and cultures vis-à-vis those of other forms of vernacular photography worldwide in addition these studies develop a reflexive turn examining the history of academic engagement with these african photographic cultures and reflecting on the distinctive qualities of the ethnographic method as a means for studying such phenomena the volume critically engages current debates in african photography and visual anthropology first it extends our understanding of the variety of ways in which both colonial and post colonial states in africa have used photography as a means for establishing and projecting their authority second it moves discussion of african photography away from an exclusive focus on the role of the studio and looks at the circulations through which the studio's products the photographs themselves later pass as artefacts of material culture last it makes an important contribution to our understanding of the relationship between photography and ethnographic research methods as these have been employed in africa richard vokes is senior lecturer in anthropology and development studies at the university of adelaide australia and author of *ghosts of kanungu*

this is the first book to provide a full and coherent introduction to the photography of victorian scotland the material has been structured and the topics organised with appropriate illustrations as both a readable narrative and a foundation text for

accompanying cd rom contains movie tutorials for mac and pc
