daily newspaper published by undergraduates at harvard college

the hero of the novel Mr Barnstaple is a depressive journalist working for the newspaper the liberal at the beginning of the story Barnstaple as well as a few other Englishmen are accidentally transported to the parallel world of Utopia. Utopia is like an advanced earth although it had been quite similar to earth in the past in a period known to Utopians as the days of confusion. Utopia is a utopian world; it has a utopian world government, advanced science, and even pathogens have been eliminated and predators are almost tamed. wikipedia.com

Afro Future Females: Black Writers Chart Science Fiction's Newest New Wave Trajectory, edited by Marleen S. Barr, is the first combined science fiction critical anthology and short story collection to focus upon black women via written and visual texts. The volume creates a dialogue with existing theories of Afrofuturism in order to generate fresh ideas about how to apply race to science fiction studies in terms of gender. The contributors, including Hortense Spillers, Samuel R. Delany, Octavia E. Butler, and Steven Barnes, formulate a woman-centered Afrofuturism by repositioning previously excluded fiction to redefine science fiction as a broader fantastic endeavor. They articulate a platform for scholars to mount a vigorous argument in favor of redefining science fiction to encompass varieties of fantastic writing and therefore to include a range of black women's writing that would otherwise be excluded. *Afro Future Females* builds upon Barr's previous work in black science fiction and fills a gap in the literature. It is the first critical anthology to address the blackness of outer space fiction in terms of feminism, emphasizing that it is necessary to revise the very nature of a genre that has been constructed in such a way as to exclude its new black participants. Black science fiction writers alter genre conventions to change how we read and define science fiction itself. The work's main point: black science fiction is the most exciting literature of the nascent twenty-first century.
