this book explores the intersection of gender and disability in the context of tourism in part the book foregrounds feminist theorising of intersectionality by examining how gender can overlap with other social identities to contribute to more systemic oppression domination discrimination and marginalisation of certain categories of people our point of departure is that disability does not operate in isolation as it is constituted and experienced within an already gendered social and tourism environment with substantial research on the intersection of gender and tourism on the one hand and the intersection of disability and tourism on the other hand the interconnectedness of gender and disability and the implications this has on tourism policy and practice remains understudied thus the book provides a critical lens that helps unpack underlying assumptions about gender and disability while questioning the dominant ideas about gender and disability reproduced through tourism policies and institutional practices in an african context this book will be of interest to scholars and researchers in gender studies disability studies and tourism studies particularly those with a research interest in africa

the purpose of this book is to engage challenging issues that are called into question during ministerial training this is a volume presenting eleven contested issues that attend to concerns related to structures processes knowledge and practices within theological education contributors offer keen insights about how to think differently and more complexly about these matters within a changing south africa it is an affirmation of the multiple voices locations identities and positions within south african theological education as a starting point for transformative theological education it is hoped that these reflections can enable future ministers to confront the question of how to be in the world with the required competence integrity and professional identity to meet the needs of church and society

this handbook explores the challenges and opportunities for leadership and conflict response in the context of africa at several levels leadership plays a vital role in affecting conflict response but is frequently only examined at the macro level of state government and international organizations this handbook addresses the need to explore challenges and opportunities for leadership at several levels macro global regional national meso ngos religious groups academics and micro civil society organizations youth groups women s organizations analysis from multiple levels provides a broader explanation of conflict dynamics and helps to fit localized conflict transformation approaches into wider

national or regional structures the multidisciplinary essays presented in this volume encompass the psychological political and structural dimensions of conflict response and demonstrate how its success is fundamentally linked to the style of effectiveness of leadership among other factors the volume is divided into four thematic sections part i the theory and dynamics of conflict response and leadership part ii macro level leadership experiences in conflict response part iii meso micro level leadership experiences in conflict response part iv recommendations for improved leadership in conflict response this book will be of much interest to students of conflict resolution peace studies african politics security studies and international relations in general

winner of the comparative and international education society higher education special interest group best book award for 2014 as universities increasingly engage with the world beyond the classroom and the campus those who work within higher education are left to examine how the university's mission has changed official reviews and debates often forget to inquire into the purposes and responsibilities of universities and how they are changing where these matters are addressed they are rarely pursued in depth and rarely go beyond current circumstances those who care about the university's role in society are left looking for a renewed sense of purpose regarding its goals and aspirations the future university explores new avenues opening up to universities and tackles fundamental issues facing their development contributors with interdisciplinary and international perspectives imagine ways to frame the university's future they consider the history of the university its current status as an active player in local governments cultures and markets and where these trajectories may lead what does it mean to be a university in the twenty first century what could the university become what limitations do they face and what opportunities might lie ahead this volume in the international studies in higher education series offers bold and imaginative possibilities

a selective review of studies and projects

ingram philosophy loyola university brings a variety of current social dilemmas together in a mutually illuminating way he examines the concept of legal equality in a multiracial society by considering issues such as self governance for native americans the rights of immigrants affirmative action and racial redistricting tie also tackles the problem of social injustice in a global setting by assessing the negative impact of free trade policies on the rights of groups to self determination and cultural integrity
