this book provides the analytical framework for understanding the relationship between media scandals executive accountability and the crisis of democracy the empirical findings are based on an original database of 6000 media allegations and investigations in russia germany and bulgaria observations gained from the case studies are then placed in relation to a systematic analysis and critique of more than 100 models of the transformation and crisis of democracy the book will be of particular interest to researchers focusing on democratic theory and political thought as well as those working empirically in the field of democratic systems

producing more effective governance is the greatest challenge that faces most latin american democracies today a challenge that involves not only strengthening democratic institutions but also increasing governmental effectiveness focusing on the post 1990 period this volume addresses why some policies and some countries have been more successful than others in meeting this dual challenge two features of the volume stand out first whereas some analysts tend to generalize for latin america as a whole this group of authors underscores the striking differences of achievement among countries in the region and illustrates the importance of understanding these differences the second feature is the range of expertise within the volume in addition to the volume editors the contributors are alan angell daniel brinks fernando henrique cardoso josé de gregorio alejandro foxley evelyne huber josé miguel insulza juliana martínez franzoni patricio navia francisco rodríguez mitchell seligson john stephens jorge vargas cullell and ignacio walker

from librarian of congress james billington to founding director of the center for the book john cole the leading edge information specialists of the day share their insights on the role libraries play in advancing democracy

the new fifth edition of this leading textbook provides a clear and comprehensive account of governance and politics in the netherlands the book has been revised throughout to provide full coverage of recent developments and events including the latest proposals for constitutional reform the netherlands has often been characterized as a place of political calm with a culture of cooperation and compromise in dealing with key political issues now at a time when climate change and immigration are high on the political agenda the electorate is growing ever more unpredictable and political fragmentation makes forming majority coalitions increasingly difficult it is vital to question how the dutch system will continue to achieve consensus with this in mind the authors take a comparative and analytical approach as they examine the features of the country's political system that have long made it a subject of study for political scientists governance and politics of the netherlands provides both students and scholars with a complete and reliable introduction to a country whose small size belies its importance in comparative political analysis new to this edition fully revised and updated throughout to reflect the latest developments events and issues cites the most recent data sources e.g. national election study and parliamentary study discusses latest proposals for constitutional reform

this book shows that despite lacking traditional force public grades can motivate countries to focus on problems they would rather ignore

this book acknowledges the severe problems with effective and significant collective action but arrives at a more optimistic diagnosis of our time by rethinking the political from the angle of the experiences with progressive and conservative collective action in different parts of the globe brazil south africa and europe by doing so it contributes a critical perspective to the debate about the possible impact of parts of the global south for positive social and political developments worldwide

india's first carbon neutral book whenever climate change as a topic pops up in a conversation someone ends the conversation with what can i do about it this book is the answer to those all what can i dos covering all the aspects of day to day life like food textile transportation tourism beauty home education business etc along with industry specific expert comments climate change is mostly talked about in a very technical language and is full of jargon like climate emergency carbon neutral carbon positive net zero below 2 c which is one of the biggest issues that the majority of people don't understand the problem this book focuses on simplifying climate change and sustainability so that everyone can understand and take action toward achieving the sustainable development goals of the united nations if we learn to make conscious decisions regarding our consumption habits we surely can get closer to achieving the target agreed upon in the landmark paris agreement get hold of this book to learn the art of making our planet more liveable and sustainable

a fortnightly bulletin on financial and political trends

Eventually, **Disaffected Democracies** will enormously discover a additional experience and feat by spending more cash. nevertheless when? get you agree to that you require to get those all needs as soon as having significantly cash?
