this is holmes own commentary on his masterpiece the science of mind as such it may be his most important book besides the textbook these short pieces abound in counsel and guidance in metaphysics spirituality and healing here too is the history of new thought and religious science insights into the mystics pointers on treatment and analysis of our fears and insecurities founder of the worldwide religious science movement formulator of the science of mind philosophy and author of metaphysical bestsellers dr holmes continually

sought to simplify his teaching and get people to use it in these pages he speaks directly to you in a one on one tutorial

the founder of the united church of religious science an international religious movement presents his basic spiritual tenets showing readers how to get in touch with nature s forces and god s healing power amazon com

everything you need to know about how to use one of today s most powerful philosophies we go in search of that which we already possess but are not using so says ernest holmes author of the science of mind and founder of the philosophy of religious science god is not far away but is within ourselves other people and everywhere present why then do we fall prey to unwanted conditions illness financial lack relationship difficulties loneliness and problems of every kind written as a manual for the practical applications of the principles set forth in the science of mind this book takes the original philosophy of change your thinking change your life and explains a clear and definite scientific method of prayer that can help you overcome life s obstacles

a brief account of the science of mind by the man who formulated it ernest holmes has condensed the wisdom of his classic science of mind into this warm yet penetrating statement the science of mind is the study of life and the nature of the laws of thought in a spiritual universe this philosophy believes there is one infinite mind that includes all there is whether it be human intelligence or the invisible presence of god and is built upon the premise that we are living in a spiritual universe whose sole government is one of harmony where the use of right ideas is the enforcement of its law in 1927 a teacher writer and lecturer by the name of ernest holmes defined and established the science of mind philosophy by uncovering a clear and simple method he discovered while researching the wisdom of the ages from many disciplines this newfound practical and spiritual approach to living an abundant life evolved into what is now the science of mind textbook which has been the cornerstone to religious science churches and centers for spiritual living around the world over the course of his life the textbook became a beacon of light to millions of readers and followers but to others the 600 page tom presented itself as an obstacle to beginners simply because of its intimidating size in what turned out to be one of his last books before his death in 1960 holmes published this introduction after its initial release as an article in the science of mind magazine to help individuals easily understand the

concepts before taking the first steps of their new spiritual journey

first published in 1926 the science of mind proposes a science with a new relationship between humans and god by ernest holmes an american new thought writer teacher and leader he was the founder of a spiritual movement known as religious science part of the greater new thought movement it declares that people can change their lives by vigorously engaging their minds in religious activities holmes believed that science philosophy and religion could all be connected for the betterment of each individual according to holmes god is a never ending energy source present in the whole universe through prayer a person can reach god and heal spiritual mental and physical wounds he believed that god's action and will occurred in the present and that with each and every choice a person makes they are creating the eternal now this thought was revolutionary especially to new age philosophy top 10 hardcover library books a wrinkle in time 9789389440188 how to stop worrying and start living 9789387669161 their eyes were watching god 9789389440577 the magic of believing 9789388118217 zen in the art of archery 9789354990298 a cloud by day a fire by night 9789391181611 siddhartha by hermann hesse 9789387669116 the richest man in babylon 9789354990717 the book of five rings 9789389440553 the knowledge of the holy 9789389157239 note search by isbn

this popular and engaging text integrates the interdisciplinary streams of cognitive science to present a unified introduction to the field

the science of mind ernest s holmes a complete course of lessons in the science of mind and spirit these lessons are dedicated to that truth which frees man from himself and sets him on the pathway of a new experience which enables him to see through the mist to the eternal and changeless reality in presenting these lessons in mental science to the public it is my desire to make it possible for any one who cares to take the time to study them to demonstrate the truths that will be discussed it is perhaps hard to set down in writing a complete teaching in mental science that will not appear difficult to understand but this could be said as well of any science and the science of mind is no exception to the general rule from the author of creative mind and success comes this short book on how to utilise the power of your mind holmes shows us how our thoughts can become reality and what we can do to use that to our benefit

while the foundation and principles of science of mind are well established in the textbook

here you will find the guidelines applications topics and lessons conveyed in the personal style that filled Dr. Holmes' classes and Sunday morning meetings to overflowing

You are about to start on the most interesting quest the human mind has ever made the discovery of the life principle the way it works and your relationship to it you are about to make the greatest discovery of your life which is how to use the creative power of your thought for definite purposes purposes which will benefit you your family and your friends you are about to engage in a study of the science of mind which deals with a principle and a power in the universe as immediate as your own breath of necessity such a study to which you must give your complete attention something that you just enthusiastically enter into all the while it will be something that brings a daily satisfaction a sense of well being and the gratification of knowing that you are in harmony with the power that creates and sustains everything

Ernest Shurtleff Holmes January 21 1887 April 7 1960 was an American New Thought writer teacher and leader he was the founder of a spiritual movement known as Religious Science part of the greater New Thought movement whose spiritual philosophy is known as the Science of Mind he was the author of the Science of Mind and numerous other metaphysical books and the founder of Science of Mind Magazine in continuous publication since 1927 his books remain in print and the principles he taught as Science of Mind have inspired and influenced many generations of metaphysical students and teachers Holmes had previously studied another New Thought teaching Divine Science and was an ordained Divine Science minister his influence beyond New Thought can be seen in the self-help movement [wikipedia.org](https://en.wikipedia.org/wiki/Ernest_Shurtleff_Holmes)

The scientific mind can best be understood in terms of autism why do scientists reject rationalism in favor of empiricism relations of ideas in favor of matters of fact conceptualism in favor of perceptualism why do they prefer their limited fallible senses over reason and logic why do they deny the ontology of mathematics the future of the world is now being driven by a group high on the autistic spectrum how will this affect human progress

Celebrating 75 years of changing the world one of the most important spiritual manifestos of modern times Ernest Holmes's magnum opus in a gorgeous leather bound edition the Science of Mind has been heralded as one of the most influential and widely read works of

spiritual thought in the last century hundreds of thousands of copies in all editions have been sold over the years and millions of people have benefited from the wisdom in this book a book that sparked a spiritual revolution now tarcher penguin will be offering the most complete and beautifully packaged leather bound edition in time to commemorate the 75th anniversary of the 1938 edition of the science of mind this edition will include black bonded leather binding 4 color designed box gilded edges ribbon marker concordance and more

the healing law of god is at your fingertips in this 5th edition of 21st century science and health the book reveals a system that guides the mind soothes the soul and feeds the body it discusses divine mind knowing divine mind can pierce the thrilling mind boggling nauseating complex and changing world to reveal the constant force of truth and love that heals mind and body
