reimagining anti oppression social work research explores the challenges tensions and possibilities of engaging with anti oppression epistemology in social work research through in depth discussion of methodologies such as phenomenology surveys decolonizing research principles autoethnography and critical arts informed research the authors provide insights about the application of these approaches to studies with marginalized populations and on a variety of social issues outlining principles for engaging with communities research in organizational contexts and the importance of fluidity and practices of unknowing this edited collection invites readers to reflect critically about research frameworks the authors explore the complexities of research on topics such as whiteness racism disability and trans experiences as well as working within feminist contexts and institutional social service settings an ideal resource for social work students and scholars this insightful and highly accessible volume highlights the value of anti oppressive research for social change

provides an important step in the ongoing evolution of generalist practice in social work it continues a rich tradition that challenges the profession to become more and more explicit about the revolutionary aspect of practice christian itin metropolitan state university of denver

doing anti oppressive social work brings together critical social work authors to passionately engage with pressing social issues and to pose new solutions practices and analysis in the context of growing inequities and the need for reconciliation decolonization and far reaching change the book presents strong intersectional perspectives and practice engaging closely with decolonization re indigenization resistance and social justice like the first three editions the 4th edition foregrounds the voices of those less heard in social work academia and to provide cutting edge critical reflection and skills including social work s relationship to the state and social work s responsibility to individuals communities and its own ethics and standards of practice indigenous black racialized transgender dis ability and allied scholars offer identity engaged and intersectional analyses on a wide range of issues facing those working with intersectional cultural humility racism and child welfare poverty and single mothers critical gerontology and older people and immigrant and racialized families this 4th edition of doing anti oppressive social work goes well beyond its predecessors updating and revising popular chapters but also problematizing aop and engaging closely with new and emerging issues

using systems theoretical framework this text incorporates human development and behavior theories and knowledge within the context of family organizational and community systems and examines the impact of social and economic forces on

individuals and social systems consistent with the curriculum policy statements of the cswe content on social work values and ethics diversity social and economic justice and populations at risk is also included relating theory and knowledge to practice skills examples and applications the material is relevant interesting and provides students with a sound base on which to build assessment skills new material covers hispanic women and community development religion and spirituality cultural biases and iq tests ethnic and cultural differences in families and schools sexual harassment cases plaguing high places i e packwood clinton and greene the afri-centric perspective and homosexuality statistics

in matters such as affirmative action or home schooling rights of ethnic and other minority groups often come into conflict with those of society in a culturally diverse population such as ours but before considering the dilemmas posed by these issues we must first ask such basic but important questions as what group rights are and how they intersect with the principles of democracy this new collection brings together some of today's leading thinkers from the cutting edge of these debates taking in a broad range of issues confronting philosophers sociologists and political scientists contributors such as carl wellman carol gould and rex martin examine the nature of groups and the conflict between group rights and democracy and also consider case studies depicting current issues in cultural ethnic and religious rights the first section on the nature of groups examines some of the perplexing alternatives in the formulation of a theory of group rights these articles investigate the kinds of rights minorities might claim and ask when groups can be held responsible for the acts of some of their members the second section addresses the treatment of groups in a democracy and the precarious balance between indifference toward minorities and capitulation to their demands here the contributors examine five principles for the sensitive treatment of minority and disadvantaged groups in a democratic society a final section explores specific conflicts between subgroup and societal claims through case studies dealing with affirmative action religious practice and the education of children and the land rights of indigenous peoples by drawing on the legal and political dilemmas related to these cases the authors confront issues of core versus peripheral interests of individual member versus subgroup rights and of the possibilities for social openness raised in the preceding sections written from varied perspectives groups and group rights offers stimulating reading for both students and professionals as it takes on some of the most pressing dilemmas confronting our society

in this current environment it is urgent to understand how oppression and health are closely connected oppression a social determinant of health offers a thorough and accessible overview of the root or structural causes of ill health such as capitalism

globalization colonialism medicalization and neoliberalism the contributors to this volume insist that the key to tackling these structural forces is understanding and changing oppressive practices that cause ill health thus reframing growing health inequities within the scope of moral responsibility and social change this thoroughly updated second edition contains contributions from internationally recognized experts in the field of critical social science analyses in health systems and health sciences studies new chapters provide timely discussions about oppression treaty rights big pharma the anthropocene and the covid 19 pandemic this book provides a comprehensive overview of core ideas for investigating how oppression gets under the skin to perpetuate health inequities

cet essai sociologique présente les résultats d'une enquête comparative conduite entre milan et rotterdam sur la citoyenneté urbaine en prenant compte notamment des dimensions de l'espace et du genre en anglais

this volume focuses on two questions why do people from one social group oppress and discriminate against people from other groups and why is this oppression so mind numbingly difficult to eliminate the answers to these questions are framed using the conceptual framework of social dominance theory social dominance theory argues that the major forms of intergroup conflict such as racism classism and patriarchy are all basically derived from the basic human predisposition to form and maintain hierarchical and group based systems of social organization in essence social dominance theory presumes that beneath major and sometimes profound difference between different human societies there is also a basic grammar of social power shared by all societies in common we use social dominance theory in an attempt to identify the elements of this grammar and to understand how these elements interact and reinforce each other to produce and maintain group based social hierarchy

for years mainstream feminist ethics focused criticism on male supremacy feminist philosophers in this volume adopt a less male focused stance to look closely at oppression's impact on women's agency and on women's relations with women examining legal social and physical relationships these philosophers confront moral ambiguity moral compromise and complicity in perpetuating oppression combining personal experience with philosophical inquiry they vividly portray their daily engagement with oppression as both victims and perpetrators they explore such issues as how pornography silences women and radical feminist politics complicity in racism among these insightful essays sandra bartky argues that women share guilt for racism when they benefit from it without protest susan brison reflects on uses of narrative in trauma recovery from such experiences as being targeted for rape or murder joan

callahan examines fallout of derogatory speech directed at lesbians virginia held proposes carrying care into marketplaces and governments and in her introduction claudia card draws on primo levi s conception of gray zones in exploring dangers of character damage to victims of misogyny a fitting companion to card s highly regarded feminist ethics this volume interweaves observations on character political ethics violence and love into an accessible sourcebook for students it tackles some of feminism s most pressing issues and helps readers to identify and then overcome the real damage caused by oppression
