the living god as her journey progressed god and his angels taught laura the secrets to the book of revelation they revealed that this sacred scripture is not a book of doom and gloom but simply describes in symbolic language the stages of metamorphosis that will occur on the planet as the souls of humanity are aligned with the divine spirit laura s own metamorphosis led her into the arms of true love as she and her soul mate were united she reveals how the forces of the holy trinity become active in two souls as they become bonded by divine love laura has recorded her journey and the messages that the divine spirit imparted to her in the hopes that they will inspire others to search for truth and love in their own lives

did you know that the book of revelation does not say anything about timing of the second coming of jesus christ did you know that armageddon says nothing about timing of the second coming of jesus christ did you know that if you were to understand the book of revelation perfectly that you still would not be able to predict timing of the second coming of jesus christ did you know that there is no such thing as the saints being taken to heaven for a 1 000 years meaning there is not any such thing as left behind did you know that the mark of the beast does not have to transpire that it can be avoided did you know that babylon the great need not materialize did you know that ideally jesus wants you and your descendants to continue to live productively and righteously on earth that ideally he does not desire to come back physically a second time to take people to heaven well then buy this book and you will find the evidence and much more with respect to the much more in this book you encounter the loving thoughtfulness of a heavenly father who cares about your welfare you find out for instance that the father spent over a 1 000 years eliminating every objection to your right not to have to pass through any other person for arrival at spiritual fellowship with himself the lord jesus christ and the holy spirit all of whom are spirit all of that work only so you could be truly spiritually free if it is spiritual freedom that you seek from an understanding of the book of revelation buy this book

this title was given to me by vision of the holy spirit and when i began to share this vision with a friend who is pastor ralph coleman of the jehovah mountain ministries of bastrop la and as i began to tell him about this vision he began to work with me by putting this design together as i told him what i saw i thank god for giving him this brilliant ability to assist me at this time as i began to spend time in my studying and doing research the holy spirit began to give me understanding about the things that s going on behind the mass of christianity he began to reveal some of the hidden things that happening right under our nose and most of the time it s going right over the head of the people because they are not develope enough spiritually to discern the difference many leaders has left the path of teaching god word and they are teaching others doctrines and teaching another jesus it s time to study our bible and seek the lord like never before and may i remind you to stop putting your trust in man often times people are mislead by

those who take the word and twist it in order to gain control over you it's amazing how we as people will allow man to have this much control over us but when it comes down to giving our life completely over to the lord we have difficulty in doing so

in the crucial revelation of life in the scriptures witness lee speaks of the central biblical truth of knowing and experiencing christ as life throughout the bible the availability of christ as life is progressively revealed the old testament presents many types of christ as our life supply and the new testament clearly speaks of the believers being saved in his life by the spirit of life

with this major work edward reaugh smith concludes his singular series on the bible and anthroposophy understanding the book of revelation presents the ultimate challenge to those who wish to penetrate its deepest meaning a spiritual mountain whose summit has remained beyond reach to most people paradoxically in spite of its name revelation is the most veiled and mysterious book in the bible a century ago rudolf steiner opened a route to that summit this book is the first extensive application of that priceless resource to the full text of revelation the substance of what steiner tells us about john's revelation derives from the individuality who had that apocalyptic vision he was a seer and visionary and his account is esoteric and open only to such a seer smith presents steiner as a seer who for the first time since john wrote his revelation has penetrated the obscuring veil of this text the scope of john's vision and steiner's exposition covers the vast stretch of our human journey our ongoing involvement in that journey is not optional we are each in it from beginning to end this book is for those who would awake to it

there are two ways to learn in the physical realm we learn by observation the advancement of knowledge in this realm is accomplished by science a process of observing and making conclusions in the spiritual realm observation is not the ultimate means of knowledge although it can verify spiritual knowledge it cannot bring spiritual knowledge to the learner knowledge in the spiritual realm comes by revelation revelation is the unveiling of that

which is hidden or covered prelude to revelation is a consideration of the process of spiritual learning we call revelation more precisely it is the study of the necessary position that must be in place for revelation to come to the learner this position is one of curiosity spiritual curiosity one must have this vital quality in order for the unveiling of hidden truths to be accomplished peter and the other disciples was asked by jesus whom to men say that i am peter responded with the correct answer and was informed by jesus that he did not know the answer by flesh and blood i e by natural observation or calculation but by revelation jesus went on to say that this was the means by which the kingdom of god would be built spiritual revelation is the means of receiving knowledge of the unseen not observed world prelude to revelation explores this fascinating subject by considering the mysterious ways of the kingdom of god jesus almost exclusively taught using stories parables that were really clues to the invisible spiritual world the desire to know the answers to the mysteries he put forth may have been the single most important factor as to whether the student would come to spiritual knowledge and ultimately eternal life it is human nature to desire salvation but it is also human nature to have answers that are laid out in very precise dare i say scientific manner it was not to be the method jesus chose in imparting knowledge his words in prayer were i thank thee o father lord of heaven and earth that thou hast hid these things from the wise and prudent and hast revealed them unto babes even so father for so it seemed good in thy sight all things are delivered to me of my father and no man knoweth who the son is but the father and who the father is but the son and he to whom the son will reveal him luke 10 21 22 it is indeed questions spiritual curiosity that set the stage for spiritual revelation and subsequently spiritual knowledge the teaching of jesus was so designed to provoke curiosity concerning the kingdom of god that it was prophesied concerning it his teaching that he would not speak without doing so in parables stories about the mysteries god it was his method of teaching because revelation was his chosen method of learning and before revelation can come curiosity must be present thus the subject and title of this book prelude to revelation for forty years the children of israel were fed in the wilderness by a little round thing called manna it came during the night by the hand of god it came in the darkness in the realm of mystery but was available to any and all in the morning it literally means what is it manna was a question it was mysterious it was miraculous it was their food but mostly it was god s way of saying don t you want to know more about me science may confirm many revelations but it cannot be the source of spiritual knowledge if god is to be truly found it will be by the means of the revelation of spiritual mysteries and that must be preceded by spiritual curiosity
