discusses the LDS church's doctrine and covenants specifically the historical circumstances out of which the revelations and other subjects

matter contained therein arose with a summary of the general contents and when necessary discusses any difficulties that arise in the text

astronomy papyrus and covenant is the third volume in the farms series and includes papers from a recent conference on the subject rather than focus on biblical interpretations of abraham each chapter instead explores a lesser known aspect of abrahamic studies his startling visions of the heavens comparisons between the book of abraham and other ancient texts such as the dead sea scrolls and an investigation into shifting interpretations of abraham throughout nineteenth century america the compilation is an excellent introduction to recent scholarship on the subject and will prove to be fascinating reading

revelation is so central to mormonism that one might presume that the study of original texts is an exhausted field the remarkable truth is that little has yet been done in this area an analysis of the earliest manuscripts and first printed versions often in newspapers helps establish the original setting and often the intention of the revelations many of which have been greatly changed by later textual modifications by knowing more of the history of the early church marquardt hopes to reveal new and important vistas concerning both early mormonism and the concept of revelation itself
