education is the backbone of any country in india right to education encompasses the compulsory and free education to children between 6 and 14 years but because of diverse sociological geographical and political situation to achieve the target is far from reality with changing time new and innovative technologies make it possible to spread the seed of education to unreached and moocs massive open online courses are one among them moocs have various advantages over traditional teaching but challenging too implementation of moocs for school education requires technical expertise along with army of trainers moocs will provide additional support to the learner as well teacher and also in teacher training programmes moocs will be more beneficial for out of school children and in technical education the moocs should be in blended mode and if government adopts any strategy for certification as par with regular education the moocs will be boon for india a comprehensive model for moocs delivery is the need of the hour

the assistant vice president and former dean and faculty member of a two year college describes strengths and weaknesses that are specific to two year colleges then advises students on virtually all aspects of enrollment attendance and achieving academic success among the many details discussed are getting financial aid planning and scheduling courses developing good study habits and critical thinking skills

getting the most from counselors and faculty transferring academic credits dealing with problems that might arise on campus and setting career goals

this unique guide profiles nontraditional ways for high tech professionals to get accredited degrees without quitting their jobs going to night school for years or spending a lot of money high technology degree alternatives provides an in depth look at alternative college programs that lead to degrees in such fields as engineering computer science and information systems

this book provides an illuminating perspective on how lawyers operate in a society anxious to embrace democracy in this era of hope and optimism yet still crippled by past attitudes weak and ineffectual institutions corruption and the recrudescence of primordial ethnic sentiments using nigeria as a case study the book compares and contrasts the central issues faced by lawyers all over the african continent since the social pathologies that disfigure nigeria are prevalent in most african nations despite these problems the democratic impulse remains strong in the continent of africa nearly all african countries put their faith in constitutional democracy despite its debasement by the political elites increasingly they depend on law to help promote social equilibrium and secure constitutional democracy

there is growing awareness that business schools need to teach students how to be managers rather than to teach about management in managerial skills leaders of this skill development movement provide comprehensive coverage on how to set up and evaluate a management skills programme in a university or business setting
