although the benefits of this study to scholars are obvious this thought provoking mixture of scholarly and colloquial will enlighten inquisitive general readers too library journal starred review the classic study of the creative process from the bestselling author of flow creativity is about capturing those moments that make life worth living legendary psychologist mihaly csikszentmihalyi the leading researcher into flow states newsweek reveals what leads to these moments be it the excitement of the artist at the easel or the scientist in the lab so that this knowledge can be used to enrich people s lives drawing on nearly one hundred interviews with exceptional people from biologists and physicists to politicians and business leaders to poets and artists as well as his thirty years of research on the subject csikszentmihalyi uses his famous flow theory to explore the creative process he discusses such ideas as why creative individuals are often seen as selfish and arrogant and why the tortured genius is largely a myth most important he explains why creativity needs to be cultivated and is necessary for the future of our country if not the world

concern for the world today provides the impetus to ask of ourselves a profound question how can our way of knowing the very style of our thinking which informs our research and our teaching come to express care to reveal itself to be a deed and duty of care basing this practical study on the human quality of care for the world around us nigel hoffmann takes us to a threshold beyond which lies a true science of living form care he says springs from the whole human being the thinking heart and will and is implicit in the scientific method of conscious inner participation in nature that derives from the work of the poet and scientist goethe the goethean approach a living form that unites science and art is not an alternative to contemporary science but complements it artistic practice says hoffmann is a guide across the threshold and into the sphere of the living whole but artistic sensibility can be raised to a higher possibility of itself allowing us to discover the faculties of cognitive feeling and cognitive will the author calls for a grounding in goethean science for all students as a

preliminary to their specialist and professional studies he introduces us to the concept of the metamorphosis of the university from the doctoral ideal to the ideal of the whole human being and concludes with a case study of the economic sphere and capital using goethean methodology this profound book indicates a transformative path for human culture and civilization in the 21st century

the instant 1 new york times bestseller a must read for anyone hoping to live a creative life i dare you not to be inspired to be brave to be free and to be curious popsugar from the worldwide bestselling author of eat pray love and city of girls the path to the vibrant fulfilling life you ve dreamed of readers of all ages and walks of life have drawn inspiration and empowerment from elizabeth gilbert s books for years now this beloved author digs deep into her own generative process to share her wisdom and unique perspective about creativity with profound empathy and radiant generosity she offers potent insights into the mysterious nature of inspiration she asks us to embrace our curiosity and let go of needless suffering she shows us how to tackle what we most love and how to face down what we most fear she discusses the attitudes approaches and habits we need in order to live our most creative lives balancing between soulful spirituality and cheerful pragmatism gilbert encourages us to uncover the strange jewels that are hidden within each of us whether we are looking to write a book make art find new ways to address challenges in our work embark on a dream long deferred or simply infuse our everyday lives with more mindfulness and passion big magic cracks open a world of wonder and joy
