when it comes to viewing art living in the information age is not necessarily a benefit so argues michael findlay in this book that encourages a new way of looking at art much of this thinking involves stripping away what we have been taught and instead trusting our own instincts opinions and reactions including reproductions of works by mark rothko paul klee joan miró jacob lawrence and other modern and contemporary masters this book takes readers on a journey through modern art chapters such as what is a work of art can we look and see at the same time and real connoisseurs are not snobs not only give readers the confidence to form their own opinions but also encourages them to make connections that spark curiosity intellect and imagination the most important thing for us to grasp writes findlay is that the essence of a great work of art is inert until it is seen our engagement with the work of art liberates its essence after reading this book even the most intimidated art viewer will enter a museum or gallery feeling more confident and leave it feeling enriched and inspired

the end of patriarchy asks one key question what do we need to create stable and decent human communities that can thrive in a sustainable relationship with the larger living world robert jensen s answer is feminism and a critique of patriarchy he calls for a radical feminist challenge to institutionalized male dominance an uncompromising rejection of men s assertion of a right to control women s sexuality and a demand for an end to the violence and coercion that are at the

heart of all systems of domination and subordination the end of patriarchy makes a powerful argument that a socially just society requires no less than a radical feminist overhaul of the dominant patriarchal structures
