 movements have been extraordinarily effective in creating political strategies that have

this book originally published in 1992 traces the discourse on the french revolution in
 germany and its contributors investigate the processes and results of adopting or rejecting
 the values of the french revolution in germany and reinterprets its documents in terms of
 their internalization one of the questions discussed is whether the french revolution is part
 of germany s progressive tradition that is whether it has been repressed or whether it
 constitutes a viable counter discourse within the political culture the first successful
 revolution in germany the velvet revolution of autumn 1989 does not fit the definition of
 classic revolutions but it ended in a change of power in germany and in that respect this
 book is an anatomy of german political consciousness before 1989

fuelled by forces of globalization china has gradually shifted from a centrally planned
 economy to a socialist market economy under the market economy china has experienced
