in major theories of media effects six major theories of media effects are analyzed and evaluated to assess the current state of knowledge in the field of media effects this book is valuable as a reference for scholars and a textbook for graduate and advanced undergraduate courses in media studies

textbook

the difficulties in determining the quality of information on the internet in particular the implications of wide access and questionable credibility for youth and learning today we have access to an almost inconceivably vast amount of information from sources that are increasingly portable accessible and interactive the internet and the explosion of digital media content have made more information available from more sources to more people than at any other time in human history this brings an infinite number of opportunities

for learning social connection and entertainment but at the same time the origin of information its quality and its veracity are often difficult to assess this volume addresses the issue of credibility the objective and subjective components that make information believable in the contemporary media environment the contributors look particularly at youth audiences and experiences considering the implications of wide access and the questionable credibility of information for youth and learning they discuss such topics as the credibility of health information online how to teach credibility assessment and public policy solutions much research has been done on credibility and new media but little of it focuses on users younger than college students digital media youth and credibility fills this gap in the literature contributors matthew s eastin gunther eysenbach brian hilligoss frances jacobson harris r david lankes soo young rieh s shyam sundar fred w weingarten

this book presents a survey of contemporary research investigating the psychological processes related to media consumption as a rapidly growing and changing sub discipline of mass communication media psychology analyzes how media facilitate communication and how communication in turn shapes attitudes emotions and behavior the handbook addresses leading ideas and debates in media psychology persisting lines of inquiry and new areas of interest adopting an organizational approach that embraces a dynamic systems perspective the book is subdivided into sections that examine nested components of the larger system in question such as audiences messages content and context while also acknowledging that they do not function in isolation

arguing for a general framework for mass media scholarship challenges scholars and students to consider and reconsider what we know about media and how we think about media as such the book provides an important framework for thinking about knowledge regardless of the discipline the text provides all of the necessary tools to move the field forward in a way that will increase the rigor of the work being done and augment the overall profile of the discipline dana mastro university of arizona in this groundbreaking book w james potter presents an innovative perspective to media scholars and students who are frustrated with the fragmentation of research findings across so many journals books and fields arguing for a general framework for mass media scholarship presents a clear plan for a more efficient way to build knowledge about the mass media so that it can be better organized and made more useful key features conducts an in depth analysis of mass media scholarship s four major facets of effects content audiences and organizations presents a significant shift in conceptualizing media effects and ways research can be conducted to generate more useful knowledge about media influence develops narrative line as a tool to guide analyses about how content decisions are made by producers synthesizes a system of explanation about why audiences attend to certain messages and how individuals construct meaning from those messages incorporates an analysis of mass media organizations to provide greater context of understanding messages and their effects on individuals and macro units in society the book will play an important role in providing structure to a broad fragmented discipline i believe it will at the very least create important dialogues about what we now know understand about areas of mass media and where we should move as a discipline this book is clearly a call to arms for mass media scholars to ratchet up the quality of research and what we know to see the interconnections within and among strands of scholarship and to move forward in a more efficient organized manner professor potter should be commended for this roger cooper ohio university this book is that call to action that comes forward every few years to wake us up and challenge our ways of doing things not by being radical but via synthesis i ve been waiting for several years for a book like this sahara byrne cornell university

helps students develop the ability to analyze culture and utilize media literacy techniques provides the core skills necessary to succeed in a communications career essential mass communication helps students build a strong understanding of communication theory mass communication technology information studies and mass communication practices offering an expanded view of the field this comprehensive textbook combines easily accessible coverage of core skills and concepts with historically critical content on mass communication revolutions cultural impacts and converging media as they changed society throughout the text author john dimarco integrates professional practice components into each chapter including professional pathways to applying mass communication to students careers essential mass communication addresses a variety of creative fields such as storytelling rhetoric journalism marketing and advertising design fine art photography and filmmaking student friendly chapters explore a uniquely wide range of topics from introductory content on communication process and product to more in depth discussion of game history and theory critical theory strategic communication and more designed to help aspiring creative professionals learn and use the technology tools and channels available to deliver cultural and personal experiences in the form of media products essential mass communication introduces the concepts of mass communication and establishes foundations for understanding convergence and culture provides the skills and knowledge required to apply critical media literacy analysis techniques in different fields discusses the driving technologies key people convergence and cultural instances of each mass communication media covers the business and information disciplines of mass communication including ethics and communication law highlights the connection between communication technologies culture and
