a briefer 18 vs 22 chs more applied version of coon s introduction to psychology while covering all of the core concepts of the course the book s numerous pedagogical features including coon s hallmark sq3r format as well the author s informal engaging writing style make this book exceptionally accessible relevant and motivating to the typical student this edition offers format flexibility with paperback hardcover and looseleaf versions available

in this revitalized redesigned and thoroughly updated eighth edition of his best selling text dennis coon once again presents psychology in a way readers will find fascinating relevant and above all accessible professors and readers alike have found coon s text not only interesting and easy to read but exceptionally easy to learn from built into every chapter are a number of features that help readers grasp major concepts develop a broad understanding of psychology s diversity and see for themselves how psychology relates to the practical problems of everyday life professors and readers appreciate the way that dennis coon speaks to his them his delight in the subject matter of psychology and in his own readers curiosity insights imagination and interest is apparent on every page while coon reports the latest research the latest controversies and the key scientific content important to the course he does so with a sense of humor and an awareness of readers learning needs that set his book apart from any other in the field in a course where professors are frequently confronted by readers who haven t actually read their textbooks coon s text offers a solution coon effectively presents an approach that involves readers and gets them hooked on psychology and eager to read on because readers become actively involved with the material they develop a basic understanding of psychology that they take with them into their future courses and careers dennis coon was the first textbook author to make effective use of cognitive principles to teach psychology by building each chapter around the sq3r study reading formula survey question read recite and review because sq3r has been a part of the underlying structure of the text from its inception this proven method works better in coon s text than in any of the many texts that have emerged over the years that have incorporated the sq3r structure as and add on

since 1933 when a completely drugged and trial conditioned human wreck confessed to having started the reichstag fire in berlin dr joost a m meerloo has studied the methods by which systematic mental pressure brings people to abject submission and by which totalitarians imprint their subjective truth on their victims minds dr meerloo spent the first two and one half years of wwii under the pressure of nazi occupied holland witnessing at first hand the nazi methods of mental torture on more than one occasion then after personal experiences with enforced interrogation he escaped from a nazi prison and certain death to england where he was able as chief of the psychological department of the netherlands forces to observe and study coercive methods officially after the war he came to the united states as more and more cases of thought control brainwashing and mental coercion were disclosed cardinal mindszenty colonel schwable robert vogeler and others his interest grew it was dr meerloo who coined the word menticide the killing of the spirit for this peculiar crime it is dr meerloo s position that through pressure on the weak points in men s makeup totalitarian methods can turn anyone into a traitor and in the rape of the mind he goes far beyond the direct military implications of mental torture to describing how our own culture unobtrusively shows symptoms of pressurizing people s minds he presents a systematic analysis of the methods of brainwashing and mental torture and coercion and shows how totalitarian strategy with its use of mass psychology leads to systematized rape of the mind he describes the new age of cold war with its mental terror verbocracy and semantic fog the use of fear as a tool of mass submission and the problem of treason and loyalty so loaded with dangerous confusion the rape of the mind is written for the interested layman not only for experts and scientists
