freedom is a fundamental christian theological category as much a challenge to construct a new way of seeing oneself and others as it is an announcement of what christ has already done for us in his death and resurrection liberation theology is most simply the effort to spell out what such freedom means for christians in the twentieth and twenty first centuries this book has as its principle premise the conviction that if we are to construct a north american liberation theology we must begin listening to and understanding latin american theology not so much as a model to be slavishly followed but as a challenge to our own cultural political and even religious assumptions the focus thus is not so much on the theoretical meaning of christian freedom but on its practice and more exactly its praxis that is to say the dialectic between theory and practice after focusing on the creation and development of liberating theological methods and sources and above all the revitalization and renewal of structures that will contribute to the development of a liberated and liberating church fr hennelly ends with an analysis of the most recent and the most important vatican document on liberation theology the instruction of christian freedom and liberation which he sees as an acknowledgement by the universal church that the theme of liberation is central to the meaning of christian theology

the voices of yesteryear s scholastics are silenced scholastic distinctions discarded faith seeking understanding cancelled this book turns to university professors who brought classical medieval reformation and renaissance thought to bear on the teaching of the doctrine of providence at the early new england colleges their ultimate purpose was to exonerate god from the charge that he was the author even actor of evil their scholastic method drew from a long and surprisingly ecumenical and philosophical enterprise in the history of the church this book s aim is to let the scholastic approaches to the mystery of divine providence speak for themselves part one introduces the reader to the art of disputation and provides a guided historical theological tour of scholastic distinctions that were used by doctors of the church to explain issues related to the doctrine of divine providence part two invites the reader to follow the author on his journeys to harvard yale the college of new jersey and the college of rhode island and providence plantations commencement day disputations as he engages in platonic like dialogues with presidents rectors and students of the new england colleges while the dialogues are imagined the characters times locations and quoted texts are real

this critical volume focuses on the issue of continuity and discontinuity of the christian concept of theosis or deification in the intellectual history of ideas it addresses the origin development and function of theosis from its antecedents in ancient greek philosophy to its nuanced use in contemporary theological thought often seen as a heresy in the protestant west the revival of interest in deification in both lay and scholastic circles

heralds a return to foundational understandings of salvation in the christian church before the divisions of east and west catholic and protestant
