explore the obstacles and challenges involved in bringing feminist values and techniques into mainstream therapy feminist therapy has been challenging mainstream therapy thinking and practice for the past thirty years the foundation and future of feminist therapy is the first book to provide a summary and compilation of that history it describes the work of the major contributors early and recent and gives a terrific

overview of the rich and radical development of feminist therapy from a variety of perspectives the foundation and future of feminist therapy honors the work of women such as laura brown iris fodor miriam greenspan hannah lerman and lenore walker who developed and who continue to develop feminist therapy theory and practice this book breaks new ground by envisioning a feminist informed future in the areas of therapy practice the education of therapists and community it also provides an unflinching look at the challenges and threats to developing that future and offers suggestions for action the foundation and future of feminist therapy includes the work of past and present contributors to feminist theory on topics such as the complex intertwining of gender and other oppressions the impact of race and ethnicity the effects of sexual orientation age class disability and refugee and immigrant status discussions about violence against women feminist theory from a wide range of perspectives from relational cultural to multicultural theory perspectives on trauma the discussions at a conference that imagined a future informed by feminist principles and much more for those interested in feminist therapy theory the foundation and future of feminist therapy is an excellent starting point and many references are provided for readers who want to pursue specific topics further this book will interest practicing therapists at all levels including psychologists counselors and social workers it is also appropriate as a textbook for women s studies psychology of women counseling psychology and social work classes

this contributed volume is the first multidisciplinary analysis about the problems and potential for anonymity and privacy in a networked society the book examines key questions about identity in a global environment that increasingly automates the collection of personal information and uses surveillance to reduce corporate and security risks

this book examines how the media approached long standing and long simmering issues of race class violence and social responsibility in baltimore during the demonstrations violence and public debate in the spring of 2015 contributors take baltimore to be an important place symbol and marker though the issues are certainly not unique to

baltimore they have crucial implications for contemporary journalism in the u s these events prompt several questions how well did journalism do in baltimore nearby and nationally in explaining the endemic issues besetting baltimore what might have been done differently what is the responsibility of journalists to anticipate and cover these problems how should they cover social problems in urban areas what do the answers to such questions suggest about how journalists should in future cover such problems

vols 9 17 include decisions of the war labor board
