can moral behavior exist in a world of states under what conditions where if at all do norms for moral behavior considerations of right and wrong fit in the relations between states drawing upon many historical examples stanley hoffmann examines the complex questions of whether or not ethical action is possible in international politics and if it is what are the obstacles and constraints duties beyond borders tries to answer these questions and to suggest a course of ethical politics based on a pragmatic realistic approach to international politics

this text provides an introduction to conceptions of international justice spanning 2500 years of intellectual history from thucydides and plato to morgenthau and waltz it shows how older traditions of political philosophy remain relevant to contemporary debates in international relations

this addition to the australia in world affairs series provides comprehensive accounts of australia s defence policy its policies on the environment and human rights its place

in the world economy and its vital bi lateral relationships

a collection of essays which examine the nature of modern citizenship and the forces which influence its changing boundaries factors considered include new social movements new multi national political forces the impact of economic recession and relations between women and the state

is globalization being eclipsed by a resurgent geopolitics does the war on terror denote the end of globalization or a new phase of militarized globalization empire or globalization are these the right terms to describe the current global order the second edition of this highly successful book tests the claims of those who dismiss the continuing significance of globalization through a comprehensive assessment of contemporary global trends in the aftermath of 9 11 and the war in iraq there has been much talk of the end of globalization held and mcgrew argue that these post mortems for globalization are entirely premature they show this by focusing upon the primary structures of world order namely patterns of governance organized violence the economy culture and environmental degradation patterns of inequality exclusion and domination are also assessed building upon this analysis the authors present the case for continuing to take globalization seriously as both a description and explanation of our current global condition they also ask the vital question can globalization be tamed held and mcgrew explore whether a more just and stable world order is either desirable or feasible and present an alternative ethical and political agenda for the twenty first century a global covenant of cosmopolitan social democracy the second edition of this powerful and original book has been comprehensively updated with three new chapters added the book will appeal to all those who remain intrigued confused or simply baffled by the controversy about globalization and its consequences for the twenty first century world order

theories of justice argues virginia held are usually designed for a perfect hypothetical world they do not give us guidelines for living in an imperfect world in which the choices and decisions that we must make are seldom clear cut

focusing on elucidating theoretical approaches to understanding and explaining globalization in both its current form and potential future shapes this text examines competing theories of globalization at present as well as considering competing prescriptions for its future

this collection marking the 25th anniversary of harvard s center for international affairs represents central issues for research in international affairs during this decade some issues carry over from themes that have been central to the center s research programs since its founding other issues represent the evolution of new areas of interest and concern divided into three parts part i ethics and politics in foreign policymaking part ii security dilemmas of the nuclear age part iii the interplay of economics and politics in industrial democracies co published with the center for international affairs harvard university

since the dawn of the new millennium combating terrorism has become a primary focus of security professionals throughout the world this volume contributes to our understanding of the terrorist threat and how it can be defeated

through an examination of the relationship between ethics and international coercion the sword of justice compares the actual practice of the united states to the standards established by the just war framework historical cases are considered from nuclear deterrence conventional war and humanitarian intervention to covert action economic sanctions and coercive diplomacy analyzed from the perspective of the just war tradition to provide practical tools to improve the moral content of policy decisions an enduring feature of the international system is the use or threat of force the most systematic critique of this practice is found in the just war tradition begun by augustine and further elaborated by aquinas this book explores the relationship between ethics and international coercion by presenting historical case studies in which the united states has taken such measures to achieve their goals and by comparing the actual practice of the united states to the standards established by the just war framework based on the comparison a number of concrete recommendations are made about specific measures that could strengthen the moral content of policy decisions and at the same time meet tests of political feasibility in the american system of government
