this book originated in a symposium on business ethics that took place in the faculty of commerce at the university of canterbury in september of 1997 professor werhane who was a visiting erskine fellow provided the keynote address and many of the papers in this collection were originally presented at this symposium we are grateful to kluwer publishers for the opportunity to publish these essays in their series on international business ethics we want to thank the olsson center for applied ethics at the darden school university of virginia and the erskine trust and the department of management at the university of canterbury for their support of professor werhane s fellowship research for this text and funding for its production we especially want to thank lisa spiro who copy edited and prepared the manuscript for publication introduction and overview this book originated in a symposium on business ethics that took place in the faculty of commerce at the university of canterbury in september 1997 professor werhane who was a visiting erskine fellow provided the keynote address contributions to the proceedings were inter disciplinary spanning theory and practice subsequent contributions were obtained from within new zealand and from asia the book starts off on rather a pessimistic note the new managerialism the kind of thing scott adams jokes about in the world

famous dilbert cartoons is economically suspect and psychologically damaging

for one on two semester undergraduate and graduate business law courses this exceptionally comprehensive text which has been praised for its writing style and accessibility offering longer edited cases with more of the actual language of the court renderings has been updated and now features new chapters to address the many recent changes in bankruptcy laws there is also a new chapter on family law it includes numerous business oriented features that make the course relevant to future managers and integrates ethics and social responsibility international contemporary business issues and e commerce in every morsel of the text

this book looks at business ethics from the perspective of the business practitioner but with the rigour of the moral philosopher intended for introductory students of business commerce and management studies business ethics at work begins by setting business clearly in the context of creating value for its owners and develops a practical ethical decision model which can be simply and relevantly applied to the hard moral choices with which business people are faced day to day against this background some of the major ethical issues which arise in business are explored for example in human resource management finance marketing and advertising the management of the environment and corporate governance in conclusion the book looks at the nature of ethical audit and argues that for the business of the future the identification of its ethical values and their integration into its policies and practices will be a crucial ingredient of success

this introduction to business ethics surveys the current literature and core theories with applications to a number of contemporary issues in the field including corporate responsibility equal opportunities legislation the ethics of advertising and environmental issues

hartman desjardins business ethics is designed to prepare the student to apply an ethical decision making model not only in this ethics course but throughout her or his business

discipline this model teaches students ethical skills vocabulary and tools to apply in everyday business decisions and throughout their business courses the authors speak in a sophisticated yet accessible manner while teaching the fundamentals of business ethics hartman s professional background in law and her teaching experience in business curriculum combined with desjardins background in philosophy results in a broad language ideal for this approach and market the authors goal is to engage the student by focusing on cases and business scenarios that students already find interesting students are then asked to look at the issues from an ethical perspective additionally its focus on aacsb requirements makes it a comprehensive business ethics text for business school courses

over 30 years ronald f duska has established himself as one of the leading scholars in business ethics this book presents duska s articles the years on ethics business ethics teaching ethics agency theory postmodernism employee rights and ethics in accounting and the financial services industry these reflect his underlying philosophical concerns and their application to real world challenges a method that might be called an aristotelian common sense approach to ethical decision making

business ethics provides a thorough review and analysis of business ethics issues using several learning tools strategic stakeholder management as the theme all chapters use a strategic stakeholder approach as a unifying theme the text is thus the first text that adopts this approach most business ethics scholars and practitioners agree that successful ethical companies are the ones that can strategically balance the needs of their various stakeholders by adopting this approach students will be able to see how the various aspects of business ethics are connected theory based and application based all chapters have important applicable theories integrated with discussion of how such theories apply in practice unlike other texts that are either too theoretical or too practical this text provides the appropriate blend of theory and practice to provide deeper insights into the concepts covered in the chapter global perspective unless most other texts this text provides a global perspective on business ethics

most chapters include material pertaining to ethics in global contexts included are cases about companies in a wide range of countries including japan u k china and india among many others cases the text contains over 30 real world global cases each chapter ends with a short two page case as well as a longer case that varies in length each has discussions questions at the end finally each of the four parts ends with a comprehensive case proven teaching cases from the ively school and other sources

this book provides the richest selection of landmark traditional and contemporary within the last three years cases for business students including more cases on information technology and e commerce law than any other book topics present a summarized brief approach to cases this edition contains over 75 new cases that have been decided in the past three years including ones covering it and e commerce dedicated chapters cover intellectual property and internet law and electronic commerce and information technology licensing over 45 online commerce internet law boxes focus on the legal issues businesses face as they either launch new internet ventures or rise to the challenge of incorporating on line technologies into their existing business models for those in business law professions
