points serving as touchstones for the collection's central themes

process action and experience offers a radical new approach to the philosophy of mind and action taking processes to be the central subject matter an international team of contributors consider what kinds of things processes are and explore the progressive nature of action and conscious experience

when two elderly bachelors were poisoned with cyanide a strange woman was on the scene each time but now she has disappeared leaving no trace tracking her down in a town of twenty eight thousand people is a job to tax even detective inspector bonaparte's powers he will need the unorthodox assistance of burglar jimmy the screwsman and a lightning sketch artist as well as all the deductive and tracking skills at his command as he trails a killer no one has seen

this is a two volume work with entries on individuals who made some contribution to philosophy in the period 1900 to 1960 or soon after the entries deal with the whole philosophical work of an individual or in the case of philosophers still living their whole work to date typically the individuals included have been born by 1935 and by now have made their main contributions contributions to the subject typically take the form of books or journal articles but influential teachers and people otherwise important in the world of philosophy may also be included the dictionary includes amateurs as well as professional philosophers and where appropriate thinkers whose main discipline was outside philosophy there are special problems about the term british in the twentieth century partly because of human migration partly because of decolonialization and the changing denotation of the term the intention has been to include not only those who were british subjects at least for a significant part of their lives even if they mostly lived outside what is now the u k but also people who spent a significant part of their lives in britain itself irrespective of their

nationality or country of origin in the first category are included for instance a number of people who were born and educated in Britain but who subsequently taught in universities abroad in the second category are included those who were born elsewhere but who came to Britain and contributed to its philosophical culture

a striking analysis of popular board games roots in imperialist reasoning and why the future of play depends on reckoning with it board games conjure up images of innocuously enriching entertainment family game nights childhood pastimes cooperative board games centered around resource management and strategic play yet in *Playing Oppression* Mary Flanagan and Mikael Jakobsson apply the incisive frameworks of postcolonial theory to a broad historical survey of board games to show how these seemingly benign entertainments reinforce the logic of imperialism through this lens the commercialized version of snakes and ladders takes shape as the British Empire's distortion of *Gyan Chaupar* an Indian game of spiritual knowledge and early twentieth century trading games that fêted French colonialism are exposed for how they conveniently sanitized its brutality while also relying on crudely racist imagery these games most explicitly abhorrent features may no longer be visible but their legacy still lingers in the contemporary eurogame tendency to exalt and incentivize cycles of exploration expansion exploitation and extermination an essential addition to any player's bookshelf *Playing Oppression* deftly analyzes this insidious violence and proposes a path forward with board games that challenge colonialist thinking and embrace a much broader cultural imagination
