the divide between the west and southeast asia seems to be nowhere more apparent than in debates about human rights within these diverse geographical political and cultural climates human rights seem to have become relative and the quest for absolutes seems unattainable in this new book philip j eldridge seeks to question this stalemate he argues that the association of southeast asian nations inclusion in united nations human rights treaties could be the common ground that bridges the gap between east and west eldridge uses topical case studies and primary research from malaysia indonesia east timor and australia to compare the effectiveness of united nations human rights directives on local democracies this study presents insightful research into a hotly debated topic as such it will be a thought provoking resource for students of human rights politics and international relations

the demise of america s cold war era foreign policy has transformed southeast asia s relationship with the united states no longer seen in the political context of communist containment the countries of southeast asia thailand indonesia malaysia singapore the philippines and vietnam are becoming increasingly powerful players in the world economy their unparalleled economic growth will dramatically affect the u s economy and its relations to other regional powers such as japan and china how well the united states responds to this challenge and to the opportunity to forge new relationships in the region will significantly shape the success or failure of our performance as a global superpower in from dominoes to dynamos john bresnan an expert on u s asian relations details the steps the united states should take to define a new role in the area he examines shifting american interests from strategic to economic in the region and surveys the history of an area that includes both historic allies such as the philippines and adversaries including vietnam the book includes a detailed analysis of current economic trends as well as recommendations for coping with japan s growing influence in the southeast asian economy and a clear analysis of the direction u s foreign policy must take to maintain its position as a leading player in the region

this innovative text provides the reader with an historical analysis of southeast asia from the unusual perspective of regionalism

this book analyses the notion of neutrality to the politics of the state in southeast asia distinguishing among neutrality neutralism and neutralisation it asks what relation do the concepts bear to the independence of states and how do they relate to other forms of inter state relations and to participation in international organizations the author considers concepts of neutrality and the policy of non alignment as they were developed in south and southeast asia using case studies of a variety of asian countries including india burma cambodia and other countries in southeast asia

he discusses the novel notion of a regional form of neutralisation as a means of decolonising the region and examines the relevance neutralism has in current international politics and what might it have in the future this new work by one of the most foremost historians on southeast asia is of interest to scholars in the field of asian history politics international relations and strategic studies

language policies in southeast asia have been shaped by the process of nation building on the one hand and by political and economic considerations on the other the early years of nation building in southeast asia generated intensive language conflicts precisely because state policies privileged the idea of a monolingual nation and thus endeavoured to co opt or even do away with troublesome ethnic identities in recent years language policies are increasingly influenced by pragmatic considerations especially globalization and the awareness of a linkage between language and economic development such that southeast asian states in varying degrees have become less insistent on promoting monolingual nationalism this book evaluates the successes and drawbacks of language policies in indonesia malaysia singapore the philippines thailand vietnam and myanmar especially the ways in which these policies have often been resisted or contested it is an invaluable primer on this linguistically complex region and a resource for scholars policy makers civil society activists and ngos in various parts of the world facing equally challenging ethnic language issues

despite the end of the cold war security continues to be a critical concern of asian states allocations of state revenues to the security sector continue to be substantial and have in fact increased in several countries as asian nations construct a new security architecture for the asia pacific region asian security has received increased attention by the scholarly community but most of that scholarship has focused on specific issues or selected countries this book aims to lay the groundwork for a comprehensive in depth understanding of asian security by investigating conceptions of security in sixteen asian countries the book undertakes an ethnographic country by country study of how asian states conceive of their security for each country it identifies and explains the security concerns and behavior of central decision makers asking who or what is to be protected against what potential threats and how security policies have changed over time this inside out or bottom up approach facilitates both identification of similarities and differences in the security thinking and practice of asian countries and exploration of their consequences the crucial insights into the dynamics of international security in the region provided by this approach can form the basis for further inquiry including debates about the future of the region
