archaeologists and anthropologists especially ethnologists have for many years realised that man's ingestion of alcoholic beverages may well have played a significant part in his transition from hunter gatherer to agriculturalist this unique book provides a scientific text on the subject of ethanol that also aims to include material designed to show non scientists what fermentation is all about conversely scientists may well be surprised to find the extent to which ethanol has played a part in evolution and civilisation of our species

swedenborg experienced dreams and visions in which he was appointed by the lord to write a heavenly doctrine to reform christianity he claimed that the lord had opened his eyes so that he could freely visit heaven and hell and talk with angels demons and other spirits his best known book is heaven and hell the destruction of the world is not meant by the day of the last judgment those who have not known the spiritual sense of the word have understood that everything in the visible world will be destroyed in the day of the last judgment for it is said that heaven and earth are then to perish and that god will create a new heaven and a new earth here are all three of his last judgment books last judgment last judgment continued and last judgment posthumous

rudolf steiner's architectural masterpiece the double domed building known as the first goetheanum featured decorated ceilings that were designed and partly painted by steiner himself utilizing vegetable colors and a new layering technique steiner emphasized that he was seeking a new artistic conception based on a conscious understanding of the nature of color contemporaries report the extraordinary effect of the domed ceilings paintings combined with the multicolored light emanating from the engraved glass windows the cupolas depicted the creation and ages of the world the initiators of the various cultural epochs and the figure of christ tragically the complete work of art that was the first goetheanum burned down on new year's eve 1922 so today we can only get an impression of the lost paintings and windows from rudolf steiner's pastel sketches and drawings and a handful of photographs in this lavish volume the result of decades of research and study hilde raske provides a detailed examination of the artistic work on the two cupolas including rudolf steiner's draft sketches and his written and verbal statements featuring 30 color and more than 100 black and white illustrations this printing is a high quality facsimile of the long out of print original edition from 1983

this book presents cutting edge archaeological materials from xinjiang from the bronze age to the early iron age through a systematic topological study of major archaeological cemeteries and sites it establishes chronologies and cultural sequences for three main regions in xinjiang namely the circum eastern tianshan region the circum dzungarian basin region and the circum tarim basin region it also discusses the origins and local variants of prehistoric archaeological

cultures in these regions and the mutual relationships between them and neighboring cultures by doing so the book offers a panoramic view of the socio cultural changes that took place in prehistoric xinjiang from pastoral agricultural societies to the mobile nomadic pastoralist states in the steppe regions and the agricultural states of the oasis making it a must read for researchers and general readers who are interested in the archaeology of xinjiang
