this book synthesizes concepts findings and best practices for a complete guide to planning implementing and evaluating social and emotional education see programs emphasizing caught as well as taught lessons it offers a whole school framework for see with content rationales assessment tools and age appropriate strategies interventions are also included for use across subjects to engage learners and assist students with behavioral and emotional difficulties and the

lessons travel beyond the classroom involving the whole school families and communities key areas of coverage include how see can be taught and assessed as a core competence classroom and whole school frameworks to enhance see examples of targeted interventions for at risk students techniques for enlisting parents and communities in supporting see a complete online set of see class and homework activities social and emotional education in primary school is an essential resource for scientist practitioners educators and other professionals as well as researchers and graduate students in special and general education child and school psychology educational psychology social work positive psychology and family related fields

this book provides concrete pedagogical suggestions for teaching the translation of cultural items including so called untranslatables it is underpinned by sound educational theory and empirical data and sheds light onto a complex and under researched pedagogical area by testing the effectiveness of established teaching approaches the book adds to the repertoire of translation pedagogy by presenting elements of learner psychology positive psychology and humanistic education as vital parts of translator education in particular when engaging with the great challenge posed by the translation of cultural elements and learner barriers and anxieties the book argues that fostering knowledge building and training research skills will contribute to developing resilience and the ability to strategically engage with the challenge of translating cultural items in a holistic manner i e as contributors to a text s achievement at the same time it cautions educators against uncritical and exclusive subscription to specific pedagogical paradigms the book is of relevance to translation teachers and scholars as well those engaging in wider educational research revolving around complexity and threshold concepts it is of interest to translation students who would like to explore new perspectives in the area of practical translation of cultural items

learning and teaching is an integrated process and theory and practice cannot be separated as in the previous australasian edition educational psychology 3e continues to emphasise the educational implications and applications of child development cognitive science learning and teaching recurring themes throughout the text include ideas about education social and socio cultural aspects of education schools families and community development learning and curriculum and effective teaching author kay margetts incorporates australasian perspectives and applications using the work of australasian researchers and teachers numerous examples case

studies guidelines and practical tips from experienced teachers are used in the text to explore the connections between knowledge understanding and practice

this book provides science teacher educators and science educational researchers with a current overview on the roles of beliefs in science education settings there are four focal areas in the book an overview of this field of research lines of research implications for policy and implications for educators within each of these areas there are specific explorations that examine important areas such as the roles of beliefs in teaching and learning the impact of beliefs on student achievement and ways in which beliefs are connected to teacher actions in the classroom throughout all of these discussions there is a focus on international perspectives those reading this book can use the research presented to consider how to confront challenge and cultivate beliefs during the teacher professional development process

this title emphasizes the step by step procedures readers will need to implement evidence based innovative techniques and skills that emphasize well being and resilience in youth the strategies are specifically chosen to capture and hold the interest of youth who are often reticent to counselling furthermore the skills based approach of the book aims to demystify what one actually does in session with youth by moving away from the vagueness of talk therapy when youth have nothing to say and toward sessions that engage youth in action stimulating communication and change

this indispensable book critically sets out the skills and knowledge required by a specialist educator for students who present with dyslexia the british dyslexia association professional criteria bda 2012 provides an anchor throughout for this book s content chapters are explicitly mapped to specific professional criteria offering the reader confidence that guidance in key perspectives on dyslexia is underpinned by this internationally recognised professional framework key issues in the education and care of those affected by dyslexia are critically explained and explored in this publication using both author s years of specialist experience in this field as established scholars both authors also suggest how research can inform and enrich how an educator responds to these issues the content of this book includes detailed case studies disclosing how dyslexia presents in different individuals and which richly illuminate the issues considered by

each chapter a concise examination of reading instruction in the context of typically developing students and in relation to those who present with dyslexia this incorporates an expert but accessible review of international policy and educational practice including influential findings from research detailed guidance on how to identify possible dyslexia and key issues to consider in referral and assessment of those affected including associated models here such as response to intervention rti consideration of intelligence and in how this figures in relation to assessment for dyslexia including the possible role of intellectual disability id comprehensive evaluation of the role of behaviour in relation to dyslexia with guidance on how this can be used to inform a programme of support for students with social emotional or behavioural difficulties ebd sebd consideration of how the professional role of a specialist educator might travel across the english speaking world and also beyond in china or india key perspectives on dyslexia is an essential text for educators and will become a landmark guide for educational practice and policy

does the current celibate semi monastic and all male seminary formation contribute to the persistence of clerical sexual abuse in the roman catholic church applying sociological theories on socialization total institutions and social resistance as the primary conceptual framework and drawing on secondary literature media reports the author s experience interviews and church documents this book argues that the catholic church s institution of the celibate seminary formation as the only mode of clerical training for catholic priests has resulted in negative unintended consequences to human formation such as the suspension of normal human socialization in society psychosexual immaturity and weak social control against clerical sexual abuse the author thus contends that celibate training while suitable for those who do live in religious or monastic communities is inappropriate for those who are obliged to live alone and work in parishes as such an alternative model for diocesan clerical formation is advanced a fresh look at the aptness and effects of celibate formation for diocesan clergy this volume is the first to relate the persistence of catholic clerical sexual abuse to celibate seminary formation exploring the structural links between the two using sociological arguments and proposing an apprenticeship based model of formation which has numerous advantages as a form of clerical training it will therefore appeal to scholars and students of religion sociology and theology as well as those involved with seminary formation
