this version includes textbook and launchpad access in this version of psychology eleventh edition david myers and nathan dewall break down the new edition s 16 chapters into 55 modules assignable in any sequence and brief enough to be read in one sitting it s a format favored by a wide range of students and instructors one that s supported by substantial research showing that shorter reading assignments are more easily absorbed than longer ones the pack comes with launchpad containing resources for you and your student it combines an interactive e book with high quality multimedia content and ready made assessment options including learningcurve adaptive quizzing curated pre built units are easy to assign or adapt with your own material such as video animations simulations readings quizzes discussion groups and more

this comprehensive book is an earnest endeavour to acquaint the reader with a thorough understanding of all important basic concepts methods and facts of social psychology the exhaustive treatment of the topics in a cogent manner enables the students to grasp the subject in an easy to understand manner logically organised into 17 chapters the book commences with the introduction of social psychology research methods theoretical foundations self and identity social cognitions perception and attribution socialisation social attitude and persuasion and goes on to provide in depth coverage of stereotyping prejudices and discrimination behaviours in groups social norms and conformity behaviour leadership and social power interpersonal attraction and relationship social influence aggression prosocial behaviour language and communication along with applications of social psychology the theme of the book incorporates latest concepts and researches especially indian researches and findings thus making the book more understandable and applicable in indian context written in an engaging style the book is intended for the undergraduate and postgraduate students of social psychology and sociology social works highlights of the book the text encompasses adequate content of the subject required at the university level as well as for ugc

net examination every chapter begins with learning objectives followed by key terms and ends with summary and review questions the text emphasises clarity avoids technical language to enhance its effectiveness objective type questions given at the end of the book test the students understanding of the concepts glossary is provided at the end of the book to provide reference and at a glance understanding new to the edition expands and clarifies a number of concepts in an easy to understand language additional questions objective type based on the demand of the students new and replacement figures for clear understanding of the concepts target audience ba bsc psychology ma msc psychology msw ma social work

this empirical and theoretical book should be of interest to anyone who dares to consider the contentious topic of measuring and justifying aesthetic value in music as well as the issue of how experts compare to nonexperts in terms of aesthetic fluency aesthetic sensitivity and aesthetic judgment in appraising music the book should be both practical and personal for anyone who has a music collection and loves to see it grow continuously but wisely what makes someone an expert the key issue tackled here is how one develops into such a connoisseur of music overall the book should spark much healthy debate about rock music quality and aesthetics in general both among scholars of aesthetics and the musically passionate general public many of the ideas for connoisseur development for music could also be applied to appraisal in other areas of aesthetics beyond music such as films visual art or literature words of praise professor lundy s guide to rock music connoisseurship is simply fantastic it is written with elegance eloquence and passion his vast knowledge of rock n roll will enlighten every reader and his enthusiasm for this topic is infectious the book is designed to be comprehensible to any reader but also carefully cited to please the most demanding scholar he successfully aims to teach the reader how to become expert in evaluating the aesthetic quality of music using a precision system to guide us into deeper and defensible judgements on what pieces of music are the best and which are the worst this is a beautiful book that enriches the heart and brightens the mind rhett diessner professor emeritus of psychology lewis clark state college author of understanding the beauty appreciation trait empirical research on seeking beauty in all things aesthetic judgments of music are important but poorly understood to the everyday listener they may seem arbitrary or otherwise inexplicable in this book professor lundy offers an unashamedly positive view on aesthetic judgments emphasizing their rational nature and showing how various non aesthetic biases that do exist can be minimized the result is a joyful celebration of music science and connoisseurship which is sure to spark further interest and debate on this fascinating topic professor patrik n juslin music psychology group uppsala university sweden

a contemporary take on a time tested classic students will master the central concepts of psychology with the new 11th edition of psychology from benjamin lahey the 11th edition has been thoroughly updated to include the latest research with an emphasis on chapters 6 consciousness 10 development 14 abnormal and 16 social psychology lahey weaves scholarship based on empirical research throughout the text ensuring an accurate portrait of contemporary psychology the text s student friendly writing clear chapter openers and fresh applications make the material more relevant to students than ever before and the proven learning system ensures that all students will grasp the concepts presented in the book lahey s hallmark emphasis on diversity and culture remains integrated throughout the text making this the text for a well rounded introduction to all areas of psychology
