the beauty and the yeast is a kind of unintentional satire and play on words of the famous french novel by jeanne marie lepeine de beaumont the de indicating a member of the feudal aristocracy the beauty and the beast la belle et la bete writing in feudal france of the mid 1700 s both stories have in common a heroine through whose capacity to see inner beauty in others transcends the outward grotesqueness or pathetic tinyness of the protagonists in her case of la bete and in our case the six inch high midget suffering from dwarfism it is because of this amazing ability of the two heroines to discount and ignore the outward form which would deter most and to find discover one quality of real worth that makes them want to be with and stay with the unfortunate protagonist despite all his handicaps and challenges in the case of la bete it was his gentle voice and nobility of character plus possibly the fact that he owned a castle and was a man of rank and station while in the case of tim thimble it was on account of his brave heart and ten foot tall courage that he succeeded in winning the heart of his lady love in both stories the story is consummated reason for quotation marks please read on by the heroine marrying the protagonist in the first book beauty the name of the young girl la bete tells the young girl that he is dying and gives her a ring to put on her finger when she didn t want him to die and promptly she put it on and told him she wanted to marry him coincidental with putting the ring on her index finger la bete is transformed into a beautiful prince the act of putting on the marriage ring having broken the spell placed on him by a fairy which had made his outward appearance and aspect so betes in our book the second book the heroine marries the protagonist on pastor s condition he attend daily sermon in church every day of his life so that sometime in the present or the future he will find the holy grail of the miracle yeast that will like any good yeast make him grow to normal size to match his inner courage and thus by dint of steadfastness endurance and perseverance in doing his duty or labour of love will be able at last to consummate his marriage and forthwith live happily forever after with his lady love

beauty and the end of art shows how a resurgence of interest in beauty and a sense of ending in western art are challenging us to rethink art beauty and their relationship by arguing that wittgenstein s later work and contemporary theory of perception offer

just what we need for a unified approach to art and beauty sonia sedivy provides new answers to these contemporary challenges these new accounts also provide support for the wittgensteinian realism and theory of perception that make them possible wittgenstein's subtle form of realism explains artworks in terms of norm governed practices that have their own varied constitutive norms and values wittgensteinian realism also suggests that diverse beauties become available and compelling in different cultural eras and bring a shared higher order value into view with this framework in place sedivy argues that perception is a form of engagement with the world that draws on our conceptual capacities this approach explains how perceptual experience and the perceptible presence of the world are of value helping to account for the diversity of beauties that are available in different historical contexts and why the many faces of beauty allow us to experience the value of the world's perceptible presence carefully examining contemporary debates about art aesthetics and perception beauty and the end of art presents an original approach insights from such diverse thinkers as immanuel kant hans georg gadamer and arthur danto alexander nehamas elaine scarry and dave hickey are woven together to reveal how they make good sense if we bring contemporary theory of perception and wittgensteinian realism into the conversation
