as the study of palaeolithic technologies moves towards a more analytical approach it is necessary to determine a consistent procedural framework the contributions to this timely and comprehensive volume do just that this volume incorporates a broad chronological and geographical range of palaeolithic material from the lower to upper palaeolithic the focus of this volume is to provide an analysis of palaeolithic technologies from a quantitative empirical perspective as new techniques particularly quantitative methods for analyzing palaeolithic technologies gain popularity this work provides case studies particularly showcasing these new techniques employing diverse case studies and utilizing multivariate approaches morphometrics model based approaches phylogenetics cultural transmission studies and experimentation this volume provides insights from international contributors at the forefront of recent methodological advances

the account of fidel castro s rise to power is not complete without mention of the failed attacks of july 26 1953 on the cuban army garrisons at moncada and bayamo this text views this initial overthrow attempt as a propaganda victory that marked the start of castro s ascent to national power

the 2015 inter american yearbook on human rights provides an extract of the principal jurisprudence of the inter american commission on human rights and the inter american court of human rights part one contains the decisions on the merits of the commission and part two the judgments and decisions of the court the yearbook is published as an english spanish bilingual edition the print edition is available as a set of three volumes 9789004338524

in recent years attacks on the rise of gender ideology and genderism as a political force on gender studies as an academic field and on feminist queer and trans individuals seen to be their embodied representatives have grown in scope and intensity this edited volume understands such attacks as a global force in need of urgent analytical and political attention drawing on contributions from and about a varied range of geographical locations including argentina chile china germany the persian gulf hungary india pakistan peru south africa spain turkey uganda the uk and the us this book explores how anti gender mobilisations work as a transnational formation shaped by the legacies of colonialism racial capitalism and resurgent nationalisms and how these can be resisted by transnationalising our inquiries into the epistemic affective and political nature of the anti gender phenomenon this volume troubles the origin stories we tell about where anti genderpolitics come from and helps to better locate the various sources actors and networks behind these attacks contesting the notion that anti gender politics derive solely from right wing nationalist or conservative religious actors to show how they also derive from more centrist liberal leftist and even presumably feminist positions the book thus invites us to sharpen and rethink the conceptual vocabularies and strategies we use to understand and resist anti gender attacks opening up space for envisioning new political imaginaries and transnational feminist solidarities chapter 1 is available open access under a creative commons attribution 4 0 international license via link.springer.com
