in categorization and constructional change damián vergara wilson uses the spanish change of state construction quedar se adj to analyze the impact of categorization on constructional change and productivity in data spanning eight centuries in usage the appearance of one adjective in the construction triggers the emergence of related ones through analogical extension propelling the expansion of semantic categories of adjectives categories develop in different ways reflecting the characteristics of their members in terms of semantics and conventionalization emergence tends to relate to the ability of one construction to attract adjective types away from another this study gives insight into the cognitive status and complex evolution of a schematic construction in a way that supports an instance based model of memory

in marked contrast to the united states with its territorial stability some countries such as bulgaria and ethiopia reorganize their regional subdivisions frequently this large format reference work simplifies the comparison of decades worth of data from such countries with this book in hand one can answer any administrative subdivision question about any state or province in the world from 1900 through 1998 abstracts of public administration development and environment for each country there is at least one table and usually several histories of subdivision changes and lists of alternate names for subdivisions in each country add to the work s research value all relevant national and international standards such as iso and fips codes are listed as well as time zones populations areas and capitals for each subdivision there is a comprehensive index of names

in muslims in spain 1492 1814 living and negotiating in the land of the infidel eloy martín corrales surveys hispano muslim relations from the late fifteenth to the eighteenth centuries a period of chronic hostilities nonetheless there were thousands of muslims in spain at that time ambassadors exiles merchants converts and travelers their negotiating strategies and the necessary support they found on both shores of the mediterranean prove that relations between spaniards and muslims were based on reasons of state and on a pragmatism that generated intense political and economic ties these increased enormously after the peace treaties that spain signed with muslim countries between 1767 and 1791

the archaeology of the spanish civil war offers the first comprehensive account of the spanish civil war from an archaeological perspective providing an alternative narrative on one of the most important conflicts of the twentieth century widely seen as a prelude to the second world war between 1936 and 1939 totalitarianism

and democracy fascism and revolution clashed in Spain while the latest military technologies were being tested including strategic bombing and combined arms warfare and violence against civilians became widespread archaeology however complicates the picture as it brings forgotten actors into play obsolete weapons vernacular architecture ancient structures from iron age hillforts to sheepfolds peasant traditions and makeshift arms by looking at these things another story of the war unfolds one that pays more attention to intimate experiences and anonymous individuals archaeology also helps to clarify battles which were often chaotic and only partially documented and to understand better the patterns of political violence whose effects were literally buried for over 70 years the narrative starts with the coup against the second Spanish Republic on 18 July 1936 follows the massacres and battles that marked the path of the war and ends in the early 1950s when the last forced labor camps were closed and the anti-francoist guerrillas suppressed the book draws on 20 years of research to bring together perspectives from battlefield archaeology archaeologies of internment and forensics it will be of interest to anybody interested in historical and contemporary archaeology human rights violations modern military history and negative heritage

Islam in Spanish literature is a sweeping reinterpretation of Spanish literature taking as its given the enormous debt to Arab culture that Spain incurred through the eight centuries of Islamic presence on the Iberian Peninsula this volume takes up the thread of the work of the Arabist Miguel Asín Palacios the first to comment extensively upon the marked Islamic features in many Spanish classics after an initial survey of the presence of Islam and Judaism in Spanish history and culture succeeding chapters explore the Muslim context of Juan Ruiz the author of the *Libro de buen amor* St John of the Cross St Teresa de Jesús the anonymous sonnet *No me mueve mi Dios al jamíado morisco* literature and then official Moorophile literature standing in such dramatic contrast to one another and last the novelist Juan Goytisolo who writing today continues to reflect upon the impact of the East on Spanish culture it is no exaggeration to state that this book redefines the ground of the study of Spanish literature it will be hard for the contemporary reader ever again to read it with innocence as a literature exclusively European

In Shades of Blue Félix Krawatzek Friedemann Pestel Rieke Trimçev and Gregor Feindt investigate the political project of Europe as it oscillates between the extremes of expectations of an ever wider integration and fear of disintegration the authors interrogate and chart the space between these polarities by tracking the many competing conceptions of Europe in European public discourse and relate these meanings to national regional and ideological divisions based on qualitative discourse analyses of newspaper articles from six European Union member states between 2004 and 2023 *Shades of Blue* shifts how we think about Europe

integration and disintegration and offers a new perspective on europeanization with twelve debates chronicling europe's past and discussing the implications for europe's future these authors uncover how politicians intellectuals and journalists negotiate european senses of belonging shades of blue moves beyond the binaries of hope and despair to uncover a more nuanced picture of europe
