this glossary has been prepared in order to leave a record of the quechua spoken by the people of huarás and surrounding areas in the mid 20th century huarás capital of the region department of ancash peru has a distinct form of quechua that dialect was endangered due to a massive earthquake on may 31 1970 tens of thousands of people died and the city was destroyed many of the survivors left the area once rebuilt huarás was repopulated with people new to the area who use spanish or a different dialect to communicate since then technological influences such as the internet also reinforce the use of spanish to the detriment of the local quechua born in huarás i was
