eighteen short essays by the most distinguished international scholars examine Pessoa's influences, his dialogues with other writers and artistic movements and the responses his work has generated worldwide. Portuguese writer Fernando Pessoa claimed that he did not evolve but rather travelled. This book provides a state-of-the-art panorama of Pessoa's literary travels, particularly in the English-speaking world. Its eighteen short, jargon-free essays were written by the most distinguished Pessoa scholars across the globe. They explore the influence on Pessoa's thinking of such writers as Whitman and Shakespeare, as well as his creative dialogues with figures ranging from decadent poets to the dark magician Aleister Crowley, and finally some of the ways in which he in turn has influenced others. They examine many different aspects of Pessoa's work, ranging from the poetry of the heteronyms to the haunting prose of the book of disquiet, from esoteric writings to personal letters, from reading notes to unpublished texts. Fernando Pessoa's *Modernity Without Frontiers* is a valuable introduction to this multifaceted modern master, intended for both students of modern literature and general readers interested in one of its major figures.

Crowley was to deliver this address before the Oxford University Poetry Society on February 3, 1930. The delivery miscarried, and the result is this tour de force in Crowley's always incisive and often exasperating wit.

The first part of the yearbook contains ten essays on futurist art and literature in Italy, France, Russia, Poland, Portugal, and the former colony of Goa, among other things. Early futurist publishing and propaganda initiatives by means of manifestos, press releases, and news-sheets are examined, as well as Athos Casarini's artistic and political work undertaken in Italy and the USA. Articles in the second part deal with the 30th anniversary of the International Academy of Zaum, as well as various conferences, exhibitions, and publications celebrating the centenary of Zenitism in Serbia and Croatia. Critical responses to exhibitions, conferences, and publications, as well as a bibliographical section with information on 139 recent book publications on futurism, conclude the yearbook.

Edward Alexander Crowley (1875-1947) changed his name to Aleister for hatred of his father, despite having led an eccentric and plague-ridden life of scandals. He was accused, among other crimes, of the ritual murder of an adept of his sect in the Abbey of Thelema, his general headquarters in Italy, of having officiated as a magician.
