women art dealers brings together fascinating case studies of galleries run by women between the 1940s and 1980s it marks a departure from other work in the field of art markets challenging male

dominated histories by analyzing the work of female dealers who anticipated the global model worked to promote art across continents and thus developed an international art market part 1 focuses on the women gallerists behind the promotion of modern art after world war ii who participated in important research about the neo avant garde part 2 examines the contributions by women art dealers toward the birth of new markets through establishing the reputation of artistic genres such as video art and photography and working at the forefront of advancing contemporary art finally part 3 analyzes case studies from the southern european art scene paying fresh attention to several under researched markets in the region like italy and portugal each chapter study provides a historiographic profile of the gallery under discussion and critical analysis is supported with a wide range of visual material including portraits of the women art dealers photographs of the exhibitions they managed and printed documentation like catalogues invitations and posters that were often used to support artists on display in experimental ways

this volume looks at the shifting role of aesthetics in latin american literature and literary studies focusing on the concept of ethical responsibility within these practices the contributing authors examine the act of reading in its new globalized context of postcolonial theory and gender and performance studies

el muralismo mexicano es uno de los movimientos artísticos de mayor impacto y trascendencia en américa latina y marca un periodo fundacional en la cultura mexicana este sentido fundacional aparece desde sus inicios pues cuando el filósofo josé vasconcelos es nombrado secretario de instrucción pública 1921 1924 e invita a varios artistas a pintar sobre las paredes de diversas instituciones del gobierno la idea de fondo era refundar la nación mexicana a través de las artes ya que el país se hallaba fragmentado después de los años de la revolución pero en la batalla por definir aún más el sentido estético que debía asumir este movimiento david alfaró siqueiros promovió la idea de refundar el muralismo mexicano a partir de una asunción política y revolucionaria en el arte y es así como en el seno del muralismo mexicano apareciera un sentido más social y comprometido además como la visión política de siqueiros fue desde siempre muy cercana al marxismo militante esto generó polémicas y debates incluso entre los pintores del momento sin embargo es ahora con la publicación de estos textos cuando conocemos de manera testimonial y directa más detalles sobre la historia de esa batalla ideológica la crítica al primer lanzamiento del muralismo y el liderazgo de siqueiros para profundizar una revolución estética para siqueiros no sólo se debían revolucionar las formas y los contenidos artísticos sino también las herramientas del pintor y su metodología asimismo el lector encontrará en esta valiosa colección de textos que en la estética siqueiriana no solamente se inscribía una visión política e ideológica sino particularmente una visión filosófica inspirada en la dialéctica marxista por otro lado esta obra contribuye a la comprensión del muralismo mexicano en general y enriquece el legado de uno de los pintores más importantes de México
