 with neighborhood residents many of whom were involved with the famous detroit

 understanding global phenomena through the intensive study of a small local place
 beginning with an 1816 encounter between the ojibwa population and the
 neighborhood s first surveyor william bunge examines the racialized imposition of
 local landscapes over the course of european american settlement historical events are

 frequent references to recognizable twentieth century landmarks more than a work of
 historical geography fitzgerald is a political intervention by 1967 the neighborhood

 a major riot immersed in the daily life of the area bunge encouraged residents to tell
 their stories and to think about local politics in spatial terms his desire to undertake

 work of social science the jumble of text maps and images makes it a particularly
 urgent book a major theoretical contribution to urban geography that is also a
