the third of three issues on workers privacy in industrialized countries this volume is devoted to testing of workers and job applicants to detect alcohol and drug abuse hiv aids genetic abnormalities psychological characteristics and honesty

contains information on hiv aids in the world of work provided by member states in reply to surveys meetings of experts and other sources available to the international labour office includes considerations for the adoption of a new recommendation on the subject

the shifting nature of employment practice towards the use of more precarious work forms has caused a crisis in classical labour law and engendered a new wave of regulation this timely book deftly uses this crisis as an opportunity to explore the notion of precariousness or vulnerability in employment relationships arguing that the idea of vulnerability has been under theorised in the labour law literature lisa rodgers illustrates how this extends to the design of regulation for

precarious work the book's logical structure situates vulnerability in its developmental context before moving on to examine the goals of the regulation of labour law for vulnerability its current status in the law and case studies of vulnerability such as temporary agency work and domestic work these threads are astutely drawn together to show the need for a shift in focus towards workers as vulnerable subjects in all their complexity in order to better inform labour law policy and practice more generally constructively critical labour law vulnerability and the regulation of precarious work will prove invaluable to students and scholars of labour and employment law at local eu and international levels with its challenge to orthodox thinking and proposals for the improvement of the regulation of labour law labour law institutions will also find this book of great interest and value

the founder of the work to live campaign strives to set all americans on the path towards a happy healthy balance between work and life
