this edited volume brings together a group of international researchers and theorists from various intellectual and analytic traditions to explore the role uncertainty plays in creativity learning and development contributors to this volume draw on existing programs of research as well as introduce new and even speculative directions for research theory and practice learning and life are filled with uncertainty although the experience of uncertainty can cause emotional discomfort or cognitive rigidity uncertainty serves as a catalyst and condition for change in this way uncertainty represents a core facet in the interrelationship among creativity learning and development considerations for both the benefits and potential costs of uncertainty will be addressed in this volume with an aim of understanding how uncertainty can be better understood in light of creativity learning and development taken together this volume stands to contribute to our collective understanding of the role that uncertainty plays in learning and life and highlights how conceptualizing and studying uncertainty in new ways can promote positive and lasting change

in traditional bond markets sovereign bonds provide benchmarks and serve as catalysts for the corporate bond market development contrary to the usual sequence of bond market development sovereign issuers are latecomers to sustainable bond markets yet our

empirical study finds that sovereign green bond issuance can have quantitative and qualitative benefits for the development of private sustainable bond markets our results suggest that both the number and the size of corporate green bond issuance increase more in a jurisdiction after the sovereign debut the results are more pronounced in countries with stronger climate policies sovereign green bond issuance also improves the quality of green verification standards in the corporate bond market more generally consistent with the aim of fostering third party reviews and promoting best practice in green reporting and verification finally our work provides evidence that the sovereign debut increases liquidity and diminishes yield spreads of corporate green bonds in the same jurisdiction
