philosophical questions east and west is an anthology of source material for use in comparative courses in philosophy religion and the humanities the readings derived from the great works of the indian chinese japanese islamic and western intellectual traditions are presented as answers to some of the most enduring questions in philosophy discussions are arranged under the headings of

epistemology metaphysics ethics philosophy of religion aesthetics and the nature of human being each section begins with an introductory essay in which the leading questions and their responses from different traditions are presented in overview philosophical questions raises the central questions of comparative philosophy and eloquently argues the need for discarding familiar cliches to make a fresh unprejudiced study of these traditions

first published in 1951 this outline work on the theory of knowledge and metaphysics is intended both for university students who have recently started on the subject and for any who without having the advantage of studying it at university wish by private reading to acquire a general idea of its nature the book deals with all the main questions arising within the field in so far as they can be stated and discussed profitably and simply the topics discussed include the place of reason in knowledge and life the possibility of knowledge beyond sense experience the theory of perception the relation of body and mind alleged philosophical implications of recent scientific doctrines the problem of evil and the existence of god

twenty questions one of the best selling introductory anthologies available today presents a proven well acclaimed forum for introducing students to the rich variety of philosophical reflection animated by some of philosophy s more concrete questions questions that students are likely to have pondered long before signing up for their first philosophy classes twenty questions fosters the creative exploration of many renowned classical and contemporary thinkers responses to the very same questions

it meets all curriculum expectations and is inclusive and accessible to all students philosophy the big questions is the only text written specifically to cover the new ontario grade 11 curriculum but is also suitable for the grade 12 course this ground breaking text brings together a superb team of authors with extensive backgrounds based on the view that philosophy is best learned by actually doing it the text encourages direct student engagement with core philosophical issues and theories each of the six units covers a distinct curriculum topic allowing teachers a clear choice in how to configure their courses both expectations and recently written profiles are supported in the text and in the teachers resource guide

this book is a classic and has been proven through eight previous editions this anthology has stimulated readers students interest in philosophy through a uniquely innovative pro con presentation of fundamental philosophical questions

sure to create lively in class debates this anthology offers classic readings that challenge readers with the basic inquiries that philosophers have discussed for centuries

professor lou marinoff s first book drew on the wisdom of the great philosophers to solve our everyday problems launching a movement that restored philosophy to what it once was useful in all walks of life now in the big questions he takes the concept to the next level applying centuries of philosophy and great literature to answer central questions of modern existence urging us not to accept victimhood as the by product of modern life professor marinoff uses specific case studies from his counseling practice to show how wisdom from the great thinkers can help us define our own philosophy and thereby reclaim our sense of well being he asks and answers questions that go to the heart of the human condition how do we know what is right how can we cope with change why can t we all get along and most centrally how can we use the centuries of wisdom that have come before us to help us answer these questions and feel at ease in the world accessible entertaining and profoundly useful the big questions mixes wisdom from the great thinkers with specific case studies to illuminate how a shift in perspective can truly be life changing lou marinoff is the author of the international hit plato not prozac which has been published in twenty languages a professor of philosophy at the city college of new york marinoff is also the founding president of the american philosophical practitioners association praise for plato not prozac what exactly is philosophical practice marinoff calls it therapy for the sane in a nutshell it s using the 2 500 year old tradition of philosophy to solve everyday problems like work relationship and family issues it s a return to what philosophy was meant to be a guideline for a way of life salon com plato not prozac looks to become the bible of the philosophical counseling movement philadelphia inquirer magazine the ancient think

the big questions series is designed to let renowned experts confront the 20 most fundamental and frequently asked questions of a major branch of science or philosophy each 3000 word essay simply and concisely examines a question that has eternally perplexed enquiring minds and provides answers from history s great thinkers this ambitious project is a unique distillation of humanity s best ideas in big questions philosophy bestselling author simon blackburn addresses 20 essential questions

in the search for higher meaning nicholas fearn has travelled the globe to interview intellectuals in the field asking them the three key questions who are we

what do we know and how should we live

first published in 1951 this outline work on the theory of knowledge and metaphysics in intended both for university students who have recently started on the subject and for any who without having the advantage of studying it at university wish by private reading to acquire a general idea of its nature the book deals with all the main questions arising within the field in so far as they can be stated and discussed profitably and simply the topics discussed include the place of reason in knowledge and life the possibility of knowledge beyond sense experience the theory of perception the relation of body and mind alleged philosophical implications of recent scientific doctrines the problem of evil and the existence of god

in this 9th edition of core questions in philosophy elliott sober and joel velasco use an engaging lecture style format to show students how philosophy is best used to evaluate many different kinds of arguments and to construct sound theories well known historical texts are discussed not as a means to honor the dead or merely to describe what various philosophers have thought but to engage with criticize and even improve ideas from the past in addition because philosophy cannot function apart from its engagement with the wider society traditional and contemporary philosophical problems are brought into dialogue with the physical biological and social sciences text boxes highlight key concepts review questions discussion questions and a glossary of terms are also included core questions in philosophy has served as a premier introductory textbook for three decades with updates to each new edition key updates to this 9th edition include a new concluding chapter on the meaning of life the integration of non western thinkers throughout the book expanded discussions on utilitarianism virtue ethics free will and epistemology updated material from philosophy and empirical research throughout revisions to the online list of recommended resources include additional recommendations of supplementary readings with updated source links to all reading material new recommended videos and podcasts all organized by their relevance to each chapter in the book

this book is a collection of 80 short essays on a very broad range of philosophical topics they are written in a question and answer format so that readers may find it easier to understand often complicated philosophical concepts this book is intended to serve four purposes first showing to the reader that philosophy is not just for philosophers or professors it is everywhere second introducing some of the most important philosophical questions third provoking some thoughts and

stimulating a little intellectual inspiration and fourth making the study of philosophy a little easier by providing basic information and knowledge about philosophy and some well known philosophers no specific sequence is followed in the arrangement of these essays because each essay stands on its own and can be read independently this books is mostly for those who are interested in philosophy as well as the college students who are taking an introductory course in philosophy

have you ever wondered what makes the questions a philosopher asks different from those asked by a non philosopher is it a desire to seek the truth is it their reliance on scientific methods or is a philosophical question one that deals with the world we live in for the ancient greek thinkers plato and aristotle questions about philosophy concerned the fundamental nature of reality and how we know about it this introduction is based on their views boiling philosophy down to nine essential questions and using them to reveal how we think about the major topics of metaphysics the nature of reality and epistemology knowledge from what am i to what is time this is a fast paced tour of the western philosophical tradition it walks you through age old questions about god free will skepticism truth and perception and along the way introduces you to distinctive features and methods including how to differentiate between a good and bad arguments how to draw distinctions how to clarify the terms and concepts used in common philosophical debates how to tackle a thought experiment by unpacking and exploring each of the nine questions in turn you find out what it really means to do philosophy not only do you emerge with a better understanding of the conceptual landscape around essential philosophical questions you come to realize why it is that philosophers agree on very little here is a golden opportunity to think about some of the most important questions asked by philosophers over across the history of western philosophical thought and discover why they still matter

utilizing a pro versus con presentation this introductory text is structured around fundamental philosophical questions and covers many different philosophers
