this book brings together examples and cases from across the world to discuss how sport has and can further contribute to the un 2030 sustainable development agenda it discusses the major steps that international bodies have taken so far and can further take in the progressive integration of sport for sustainable development contributors from 21 countries take up at least one of the 17 uno sport for development and peace goals and present and analyse examples of national regional or local policies using sport as a lever for sustainable development from traditional games to major competitions from gender equality to social development and developing governmental transparency the chapters showcase diverse experiences and demonstrate that sport is today much more than just physical activity this book is based on the network of the international research network in sport tourism irnist with the collaboration of sport 4 impact it is the first step of a collaboration between universities and the world of associations working in partnership with organizations such as the un or the european union the book is an important resource not just for students and researchers of sport science but for policy makers bureaucrats and sport administrators

athletes are naturally exposed to significant psychological challenges in sports but do not wait helplessly for the assistance of sports psychologists or trainers instead they practise one form or another of self regulation self talk in sport explores one such self regulatory strategy self talk the inner voice that accompanies every human being throughout their lives over time research has revealed many secrets of self talk in sport though many others remain unveiled this book offers you the opportunity to discover the multiple identities of our self talk how the inner coach serves as a rational counterpart to the irrational self and what we need to do to develop our inner voice to reach its maximum self regulatory potential there is a general need for concrete interventions in sport exercise and performance psychology in addition the autonomous functioning of people is a central aim of psychological interventions that align with positive psychology and focus on people s strengths rather than weaknesses in this volume researchers and applied practitioners are shown how they can use self talk interventions to strengthen people s rational self regulation in order to deal with a variety of situations that apply to both sport and other exercise and performance contexts since self talk is a tangible result of cognitive processes and inner

experiences that researchers and applied practitioners can barely access self talk in sport is a tool for sports psychologists to understand and interact with hidden parts within athletes that have a major impact on sport and exercise experiences and performance a book demonstrating the diverse both rational and irrational identities of self talk as well as specific interventions to change the inner dialogue of athletes is a fundamental piece in the education of sport scientists

sport has become more than a simple physical expression or game it now pervades all societies at all levels and has become bound up in nationalism entertainment patriotism and culture now a global obsession sport has infiltrated into all areas of modern life and despite noble ideals that sport stands above politics religion class gender and ideology the reality is often very different these essays by leading academics and rising new talent consider the phenomenon of modern sport and its massive influence over global society together this collection is also a tribute to the pioneering and inspirational work of professor j a mangan on the political religious class and gender based aspects of modern sport from academics greatly influenced by him and his writing this book was previously published as a special issue of the international journal of the history of sport

the london olympics of 2012 acted as a focal point for an examination of uk sport policy individual chapters from leading specialists in their fields focus upon the central components of the uk s model of sport for example elite school and community sport and talent id policies and discuss what kind of legacy 2012 is likely to leave on the sports landscape in years to come the concept legacy is a common theme running through all contributions which themselves stem from a wide variety of academic disciplines and sub disciplines including sport psychology political science sports studies cultural studies and sociology a wide range of topics and organisations are covered throughout the volume including coaching talent id school sports partnerships pe and youth sport participation in sport the ioc and the olympic charter the olympic movement and islamic culture and finally issues of regeneration through sports mega events this book was published as a special issue of the international journal of sport policy

this powerful new book looks at how private institutions governing and organising sport restrict political expression uniquely it makes a case for the

freedom of expression for athletes spectators and audiences built upon philosophical foundations in the era of colin kaepernick and taking a knee politics and protest in sport have never been more visible and immediate drawing on a wide range of international cases including protest actions from athletes such as tommie smith and john carlos naomi osaka and feyisa lilesa as well as the reactions from sport organisations including the ioc fifa uefa and the nfl the book argues that the organisation of sport at the hands of associations and leagues and their transnational power to regulate adjudicate and enforce matters according to their interests lead to the restriction of freedom of expression focusing on the individual the book presents a framework for the defence of freedom of expression in sport on moral grounds and also explores the limits to freedom of expression especially those arising from hate speech that might better serve both the individual and sport as an institution this book is fascinating reading for anybody with an interest in the ethics philosophy or politics of sport sport governance the relationship between sport and wider society or moral or political philosophy

this volume questions the changing dynamics of public leadership across different european settings chapters highlight emergent discussions on the strengths and weaknesses of current knowledge authors investigate the tensions between anglo american and economic focused models of leadership that may challenge received wisdom

this is an introduction to the wide ranging world of sport communication integral to the successful management marketing and operation of sport organisations at all levels the text outlines the full breadth of the communication industry including the many professional careers available to students and practitioners
