this book seeks to place the elements of effective communication at everyones disposal it is intended as a thinking tool to draw analogies with one s own thinking and experience as well as this it allows the reader to be a effective communicating person whether that be for preparation od speeches sales preparations presentations or just during informal conversation

have you ever wondered why some people seem to be fearless when it comes to communication how can these people do presentations in front of large

groups and communicate with anyone they want regardless of gender or social status these people tend to also be the popular ones the ones that everyone wants to be around the ones that create great networks of people that support them and help them to accomplish their goals would you like to be able to do same imagine all the new possibilities and opportunities that you can bring into your life yes you can achieve this and a lot more by simply learning the and applying the techniques of effective communication taught in this book effective communication is not always achieved by the words you speak or by the movements of your lips as the masses might think but there are actually techniques that can be applied by anyone at any time that will allow them to successfully get their point across faster and in a memorable way don't believe me take the time to better yourself and buy this book as you take the journey through this book you will learn many techniques that will take your communication skills to a whole different level the first chapter of this book consists on creating a self assessment evaluate the circumstances keeping you from having the communications skills that you desire and find ways to correct them in the second chapter of this book you will discover the techniques to that you can use everyday to build rapport and become liked and understood anyone you like in the third chapter we will discuss more techniques that will help you to create a positive and lasting first impression with anyone in under 10 seconds we will then proceed to learn about the 4 different personality types and how to deal with each one in order to successfully communicate then on the last chapter we will discover more techniques that will make any digital interaction end up on your favor here s are some more communication techniques that you are explained in this book how to properly use body language how to communicate with the subconscious mind how to become liked instantly by anyone you meet things to avoid during interactions how to engage everyone in the conversation don't wait scroll up and click the buy button to take the first step towards improving your life and your communication skills by getting this book now

treatments of human communication mostly draw on cognitive and word centred models to present it as predominantly a matter of words this finnegan argues seriously underestimates the far reaching multi modal qualities of human interconnecting and the senses of touch olfaction and above all audition and vision that we draw on in an authoritative and readable account ruth finnegan brings together research from linguistic and sensory anthropology material culture non verbal communication computer mediated communication and strikingly research on animal communication such as the remarkable gesture systems of great apes she draws on her background in classical studies and her long anthropological experience to present illuminating examples from

throughout the world past and present the result is to uncover an amazing array of sounds sights smells gestures looks movements touches and material objects used by humans and other animals to interconnect both nearby and across space and time she goes on to first explore the extra sensory modes of communication now being revealed in the extraordinary new science research and then in an incendiary conclusion to deny the long prevailing story of human history by questioning whether orality really came before literacy whether it was really through the acquisition of language that our prehistoric cave painting ancestors made a sudden leap into being true humans and finally astonishingly to ask whether human communicating had its first roots not after all in verbal language but something else not to be missed this highly original book brings a fresh perspective on among other things that central topic of interest today the dawn of human history and on what being homo sapiens really means this revised and updated edition has additional illustrations updated chapters and a new concluding chapter a provocative and controversial account that will stir worldwide debate this book is an essential transdisciplinary overview for researchers and advanced students in language and communication anthropology and cultural studies
