our knowledge of the heliosphere in three dimensions near solar minimum has advanced significantly in the last 10 years largely as a result of the on going esainasa ulysses mission similar advances in our understanding of the global heliosphere near solar maximum are to be expected with the return of ulysses to high solar latitudes in 2000 200 i with this in mind the 34th eslab symposium held at estec in noordwijk the netherlands on 3 6 october 2000 was devoted to the 3 d heliosphere at solar maximum this was the third eslab symposium focusing on the three dimensional heliosphere previous symposia being in 1985 and 1994 and the timing was particularly appropriate marking as it did the 10th anniversary of the launch of the ulysses spacecraft furthermore ulysses had just started its third high latitude pass the second over the sun s south polar regions the symposium addressed a wide range of topics related to the solar maximum heliosphere with presentations on many of the latest findings from ulysses and other space based missions ground based studies and theoretical modeling were also well represented specific questions to which answers were sought included the following

this springerbrief discusses multiple forms of open source inspired outsourcing opensourcing innersourcing and crowdsourcing it uses a framework based comparison to explain the strengths and weaknesses of each approach by pointing out characteristics along with benefits and pitfalls of each approach the authors provide nuanced and research based advice to managers and developers facing software sourcing decisions the differences and commonalities of these three emerging approaches are carefully analyzed

chapters explore the primary challenges of reliability efficiency and robustness in open source methods examples from industrial cases are included along with extensive references to recent research the brief concludes with a comparative analysis of approaches and outlines key implications to be aware of when outsourcing software sourcing in the age of open leveraging the unknown workforce is designed for professionals and researchers interested in outsourcing challenges the content is also suitable for postgraduate students interested in contemporary software sourcing approaches

this collection of heinz könig s publications connects to his book of 1997 measure and integration and presents significant developments in the subject from then up to the present day the result is a consistent new version of measure theory including selected applications the basic step is the introduction of the inner bullet and outer bullet premeasures and their extension to unique maximal measures new envelopes for the initial set function to replace the traditional carathéodory outer measures have been created which lead to much simpler and more explicit treatment in view of these new concepts the main results are unmatched in scope and plainness as well as in explicitness important examples are the formation of products a unified daniell stone riesz representation theorem and projective limits further to the contributions in this volume after 2011 heinz könig published two more articles that round up his work on the marginals of probability contents on lattices mathematika 58 no 2 319 323 2012 and measure and integration the basic extension and representation theorems in terms of new inner and outer envelopes indag math new ser 25 no 2 305 314 2014

this title was first published in 2000 this is a discussion of the relationship between one group of singapore chinese and their ancestral village in fujian in china it explores the various reasons why the singapore chinese continue to want to maintain ties with their ancestral village and how they go about reproducing chinese culture in the form of ancestor worship and religion in the village milieu in china it further explores the reasons why the singapore chinese feel morally obliged to assist their ancestral village in village reconstruction providing financial contributions to infrastructure development such as the buildings of roads bridges schools hospitals and to help with small scale industrial and retail activities related to this is how the village cadres and teenagers through various strategies managed to encourage the singapore chinese to revisit their ancestral village and help with village reconstruction thereby creating a moral economy the main argument here concerns the desire of the singapore chinese to maintain a cultural identity and lineage continuity with their ancestral home ethnographically this anthropological study examines two groups of chinese separated by historical and geographical space and their coming together to re establish their cultural identity through various cultural and economic activities at the theoretical level it seeks to add a new dimension to the study of chinese transnationalism and diaspora studies

this volume ifip aict 660 constitutes the refereed proceedings of the ifip wg 8 6 international working conference co creating for context in prospective transfer and diffusion of it on transfer and diffusion of it tdit 2022 held in maynooth ireland during june 15 16 2022 the 19 full papers and 10 short papers presented were carefully reviewed and selected from 60 submissions the papers focus on the re imagination of diffusion and adoption of emerging technologies they are organized in the following parts

this book offers a survey of american history from the earliest colonial times through the spanish american war the source book is directed at an adolescent crowd and contains further explanations in the margins the subject matter is rather balanced between political military and societal events and trends
