without grammar you can t say much but without vocabulary you can t say anything this book for students of english as a second or foreign language will teach you 50 ways to learn practice and remember vocabulary in english by applying these methods you will improve your ability to understand and express yourself in english categories covered include finding and learning new words flashcards practicing and remembering vocabulary vocabulary games you do not need to be living in an english speaking country or be currently taking an english class to use this book however students who are already in a class can also use this book to improve their vocabulary more quickly and easily learning another language is never fast but the fifty ways to practice series will speed things up by showing you how to practice more efficiently and effectively both inside and outside the classroom these books can be used by beginners and advanced students alike

after the nixon and ford administrations liberal democrats hoped jimmy carter s election in 1976 would restore the new deal agenda in the white house instead during four tumultuous years in office carter endorsed many of the fiscal and economic policies later espoused by his republican successor ronald reagan but carter also backed most new deal social programs and however reluctantly pursued a traditional containment foreign policy in this book more than a dozen eminent scholars provide a balanced overview of key elements of carter s presidency examining the significance of his administration within the context of evolving american policy choices after world war ii they seek not only to understand the troubled carter presidency but also to identify the changes that precipitated and accompanied the demise of the new deal order by the time carter took office many americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration as this volume demonstrates carter s dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities while most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that carter was more successful than his critics acknowledge these thirteen original essays cover such topics as the economy trade and industrial policies welfare reform energy environment civil rights feminism and foreign policy they offer thoughtful assessments of carter s performance focusing on policy both as cause and effect of the post industrial transformation of american society that shadowed his administration a final essay shows how carter s public spirited post presidential career has made him one of america s greatest

ex presidents grounded on research conducted at the carter library the carter presidency is an incisive reassessment of an isolated democratic administration from the vantage point of twenty years it is a milestone in the historical appraisal of that administration inviting us to take a new look at jimmy carter and see what his presidency represented for a dramatically changing america

this book provides an in depth analysis of current issues and approaches related to the teaching of english composition to students in and or from pacific rim countries it addresses both political and pedagogical issues and reflects current concerns about the imposition of western rhetorical patterns in non western contexts
