maritime piracy off the coast of somalia was first recognised as a global concern in 2008 after the hijackings of world food programme vessels it remains a serious impediment to international maritime trade and a significant risk to seafarers bringing a criminological perspective to the subject this book presents an analysis of somali piracy by means of routine activity theory and regulatory pluralism based on data from a range of sources including published documents and in depth interviews with representatives of industry government and international organisations the study concludes that no one institution or policy will suffice to control somali piracy accordingly a number of different actors and institutions have a role to play in reducing the supply of motivated offenders the vulnerability of prospective victims and in enhancing guardianship the book envisages a holistic counter piracy program based on a pluralistic regulatory model that is sustainable within the region and managed by the region providing the best opportunity for both the immediate future and for long term success this study will be essential reading for criminologists public policy and legal scholars as well as policy makers and regulators in countries affected by and dealing with piracy and international professional advocacy groups operating in the maritime space

this collection of essays demonstrates how chronic state failure and the inability of the international community to provide a solution to the conflict in somalia has had transnational repercussions following the failed humanitarian mission in 1992 93 most countries refrained from any direct involvement in somalia but this changed in the 2000s with the growth of piracy and links to international terrorist organizations the deterritorialization of the conflict quickly became apparent as it became transnational in nature in part because of it lacked a government and was unable to work with the international community somalia came to be seen as a testing ground by many international actors globalizing somalia demonstrates how china japan and the eu among others have all used the conflict in somalia to project power test the bounds of the national constitution and test their own military capabilities contributed by international scholars and experts the work examines the impact of globalization on the internal and external dynamics of the conflict arguing that it is no longer geographically contained by bringing together the many actors and issues involved the book fills a gap in the literature as one of the most complete works on the conflict in somalia to date it will be an essential text to any student interested in somalia and the horn of africa as well as in terrorism and conflict processes

this book is about somali mothers and daughters who came to britain in the 1990s to escape civil war many had never left somalia before followed nomadic traditions did not speak english were bereaved and were suffering from ptsd their stories begin with war and genocide in the north followed by harrowing journeys via refugee camps then their arrival and survival in london joanna lewis exposes how they rapidly recovered mobilising their networks social capital and professional skills crucial to the recovery of the now breakaway state of former british somaliland these women bore a huge burden but inspired the next generation with many today caught between london and a humanitarian impulse to return home lewis reveals three histories firstly the women s personal history helping us to understand resilience as an individual lived historical process that is both positive and negative and both inter and intra generational secondly a collective history of refugees as rebuilders offering insight into the dynamism of the somali diaspora finally the forgotten history and hidden legacies of britain s colonial past which have played a key role in shaping this dramatic sometimes upsetting but always inspiring story the power of women to heal the scars of war

a comprehensive account by global specialists of how somalia has confronted the challenges of governance amid an islamist insurgency

somaliland is an example of a territory that has fulfilled the conditions that are pre requisite for state recognition in the international system somaliland is however not recognised as a state questions abound about why somaliland finds itself in this situation when there are territories which obtained recognition after fulfilling a fraction of what somaliland has achieved this study contributes to answering the aforementioned questions this study has certain objectives it delved into the examination of the criteria that is used for the recognition of states in the international system it also analyses the role of intergovernmental organizations in the non recognition of somaliland the objective of this study is also to make an assessment of the nature of interactions between somaliland and other actors in the international system

this report documents the pressures on somalia s livestock and crop subsectors over the years but notes that there is a cause for optimism thanks to the country s resilience and resources these include a variety of agroecological zones and vast tracts of arable land and areas suitable for livestock production which in turn can support markets export trade and overall growth

principled humanitarian action is under attack around the world globally 70 8 million people are considered forcibly displaced by armed conflict and nearly 132 million people need emergency humanitarian assistance at the same time there has been a steep escalation in the deliberate willful obstruction of humanitarian access impeding the ability of humanitarian aid to reach the most vulnerable people and vice versa as humanitarian emergencies become increasingly complex and protracted blocked humanitarian access will only increase without urgent action to ensure the ability of aid to reach those who need it most and to uphold the principles of international humanitarian law the united states should elevate humanitarian access as a foreign policy priority and work to reconcile tensions between critical national security measures and the growing needs of vulnerable populations in fragile conflict affected states this report is the result of the csis task force on humanitarian access

kidnap for ransom is a lucrative but tricky business millions of people live travel and work in areas with significant kidnap risks yet kidnaps of foreign workers local vips and tourists are surprisingly rare and the vast majority of abductions are peacefully resolved often for remarkably low ransoms in fact the market for hostages is so well ordered that the crime is insurable this is a puzzle ransoming a hostage is the world s most precarious trade what would be the right price for your loved one and can you avoid putting others at risk by paying it what prevents criminals from maltreating hostages how do you safely pay a ransom and why would kidnappers release a potential future witness after receiving their money kidnap inside the ransom business uncovers how a group of insurers at lloyd s of london have solved these thorny problems for their customers based on interviews with industry insiders from both sides as well as hostage stakeholders it

uncovers an intricate and powerful private governance system ordering transactions between the legal and the criminal economies

this is the first book to analyze in depth the current causes of shortage of family physicians and the relative weakness of the family practice model in many countries in the eastern mediterranean region focusing on engagement with the private health sector in scaling up family practice the book explores why primary health care can make the difference and how it can be introduced and strengthened comparative experiences from around the world put the emr in context while the book also highlights where the emr is special in particular the burden for health care of refugees and displaced persons and the need of public private partnerships

this book offers an in depth study on the deployment of military operations in the framework of the european union s common security and defence policy esdp csdp while existing studies of the subject are either descriptive or focused on a single level of analysis this book incorporates factors from three different levels of analysis to explain the deployment of esdp military operations first the international level where the emergence of events that threaten certain values held dear by eu member states catalyses the process leading to an operation second the national level where the member states formulate their initial national preferences towards a prospective deployment based on national utility expectations and third the eu level where the member states come to negotiate and seek compromises to accommodate their different national preferences towards a deployment the strength of this multi level collective action approach is demonstrated by four in depth military case studies which analyse the preference formation of france germany and the uk towards the deployments of operation althea in bosnia and herzegovina operation artemis and eufor rd congo in the democratic republic of the congo drc and operation atalanta off the coast of somalia respectively the author draws on a wealth of primary sources including over 50 semi structured interviews conducted with national and eu officials during 2011 15 and provides an up to date overview and critique of the existing theoretical literature on the deployment of esdp csdp military operations this book will be of much interest to students of european security eu politics military and strategic studies and international relations in general

this book examines the complex phenomena of modern maritime piracy the work offers a cutting edge analysis of modern maritime piracy in the two most pirate prone regions southeast asia and northeast africa from the late twentieth century to the modern day these case studies present a detailed exploration of how regional and international governments responded to upsurges of piracy and how responses have evolved over the course of the past 40 years this analysis reveals the results of these efforts and what effect if any suppressing piracy at sea had on tensions and instability ashore the book transcends a simple narrative providing detailed and extensively researched case studies of contemporary manifestations and responses at the strategic operational and tactical levels new insights are offered such as the role of external navies in the repression of piracy in northeast africa before the well documented escalation in 2005 in addition this book constructs a comparative analytic framework to gauge the effectiveness and shortcomings of modern attempts to counteract piracy which reveals lessons learned future policy projections and wider implications this analysis adds new classifications innovative concepts and scholarly depth to the field of maritime security studies naval history and theory and international relations this book will be of much interest to students of naval history maritime security strategic studies and international relations

following six years of extensive fieldwork weldemichael examines the international causes internal dynamics and domestic consequences of piracy in somalia

this book examines the challenges and opportunities of administrative and territorial reconstruction in africa from independence until the present time in light of the rise of separatist movements in various african states and the ethnic linguistic and religious heterogeneity of many african societies the book sheds new light on the fragmentation and decentralization of the african

continent the authors analyze the mechanisms forms and models of decentralization practiced today in africa taking into account both federalist and unitary experiences of decentralization and discuss the potential of federalism to resolve conflicts within the continent the generalizations made in the course of such an analysis can significantly enrich the current vision of the development of the african continent and its future prospects the book will appeal to scholars and students of political science and african studies

during the first half of the twentieth century the international system was largely dominated by the usa and the colonial powers of western europe after the two world wars the political and economic dominance of these states guaranteed them and their allies an almost complete control of world politics however as it is the norm in the international system power structures are not immutable after the end of the cold war rapid changes to the existing international hierarchies took place as new countries from the so called developing world began to emerge as crucial actors capable of questioning and altering the power dynamics of the world it is therefore unthinkable to ignore emerging countries such as russia the people s republic of china india brazil or south africa in the decision making process in today s world order in addition there is a group of smaller yet increasingly important countries that while acknowledging their inability radically to change the rules of the international system are still eager to shift power relations and enhance their influence in the world argentina colombia egypt indonesia iran south korea mexico nigeria pakistan saudi arabia turkey and vietnam are generally recognised as part of this grouping of emerging powers from the global south while there is a consensus amongst academics that emerging powers from the global south must have a stabilising role within their own regions previous analyses have focused primarily on the impact that emerging powers have had in their own regions conflict resolution initiatives this volume instead aims to go beyond these analyses and provide new insights regarding the effect that this stabilising role has on the continental and global positioning of emerging powers in other words this book explores the relation between a country s involvement in conflict resolution initiatives and its positioning in the international system the volume will contribute to this approach using the perspective of academics and practitioners from countries of the global south particularly from states that have strengthened or sometimes weakened their position in the international hierarchy of power through a leading role in regional conflict resolution initiatives
