this book is about somali mothers and daughters who came to britain in the 1990s to escape civil war  
many had never left somalia before followed nomadic traditions did not speak english were bereaved  
and were suffering from ptsd their stories begin with war and genocide in the north followed by  
harrowing journeys via refugee camps then their arrival and survival in london joanna lewis exposes  
how they rapidly recovered mobilising their networks social capital and professional skills crucial  
to the recovery of the now breakaway state of former british somaliland these women bore a huge  
burden but inspired the next generation with many today caught between london and a humanitarian  
impulse to return home lewis reveals three histories firstly the women s personal history helping us  
to understand resilience as an individual lived historical process that is both positive and negative  
and both inter and intra generational secondly a collective history of refugees as rebuilders  
offering insight into the dynamism of the somali diaspora finally the forgotten history and hidden  
legacies of britain s colonial past which have played a key role in shaping this dramatic sometimes  
upsetting but always inspiring story the power of women to heal the scars of war

a comprehensive account by global specialists of how somalia has confronted the challenges of  
governance amid an islamist insurgency

maritime piracy off the coast of somalia was first recognised as a global concern in 2008 after the  
hijackings of world food programme vessels it remains a serious impediment to international maritime  
trade and a significant risk to seafarers bringing a criminological perspective to the subject this  
book presents an analysis of somali piracy by means of routine activity theory and regulatory  
pluralism based on data from a range of sources including published documents and in depth interviews  
with representatives of industry government and international organisations the study concludes that

no one institution or policy will suffice to control somali piracy accordingly a number of different actors and institutions have a role to play in reducing the supply of motivated offenders the vulnerability of prospective victims and in enhancing guardianship the book envisages a holistic counter piracy program based on a pluralistic regulatory model that is sustainable within the region and managed by the region providing the best opportunity for both the immediate future and for long term success this study will be essential reading for criminologists public policy and legal scholars as well as policy makers and regulators in countries affected by and dealing with piracy and international professional advocacy groups operating in the maritime space

this collection of essays demonstrates how chronic state failure and the inability of the international community to provide a solution to the conflict in somalia has had transnational repercussions following the failed humanitarian mission in 1992 93 most countries refrained from any direct involvement in somalia but this changed in the 2000s with the growth of piracy and links to international terrorist organizations the deterritorialization of the conflict quickly became apparent as it became transnational in nature in part because of it lacked a government and was unable to work with the international community somalia came to be seen as a testing ground by many international actors globalizing somalia demonstrates how china japan and the eu among others have all used the conflict in somalia to project power test the bounds of the national constitution and test their own military capabilities contributed by international scholars and experts the work examines the impact of globalization on the internal and external dynamics of the conflict arguing that it is no longer geographically contained by bringing together the many actors and issues involved the book fills a gap in the literature as one of the most complete works on the conflict in somalia to date it will be an essential text to any student interested in somalia and the horn of africa as well as in terrorism and conflict processes

following six years of extensive fieldwork woldemichael examines the international causes internal dynamics and domestic consequences of piracy in somalia

this is an open access title available under the terms of a cc by nc nd 4 0 international license it is offered as a free pdf download from oup and selected open access locations this collection of essays to focuses on the critical issue of corruption that lies at the heart of the crisis of

constitutionalism in africa most anti corruption measures over the years have been inadequate serving merely as symbolic gestures to give the impression something is being done the african union s declaration of 2018 as the african anti corruption year belated though it be is an open recognition by african governments of the impact corruption will have on the continent unless urgent steps are taken the key objective of this volume is to draw attention to the problem of corruption the complexity of the situation with all its multi faceted social political economic and legal dimensions and the need for remedial action

while co ordination is essentially a method of getting institutions to work together it is clearly not synonymous with togetherness undercurrents of suspicion and distrust between individuals and institutional actors can affect important relationships and give rise to enduring misunderstandings and perplexing challenges turf battles involving huge international institutions are a real life illustration of the african adage when elephants fight the grass suffers in terms of co ordination war affected displaced disempowered and traumatized communities constitute the grass in this monograph the co ordination or lack of co ordination of education during both emergencies and the early reconstruction period is examined what constitutes effective and poor co ordination is also analyzed with suggestions for enhancing co ordination of education in emergency and post conflict settings this includes the need to recognize that co ordinated education systems are unlikely to be achieved unless education authorities are willing to decline aid that does not help fulfill the objectives of their agreed and announced plans this monograph demonstrates why the co ordination of humanitarian and post conflict reconstruction activities is so difficult to accomplish in the education sector it also suggests ways to overcome barriers to effective co ordination the study is divided into four parts 1 background to the study key themes and contexts 2 key actors and co ordination frameworks 3 field co ordination perspective and 4 conclusion the significance of co ordinating education efforts contains 8 footnotes the publication costs of this study have been partially covered through contributions from the uk department for international development

this volume contains papers that are related to academic peace studies and to the politics of peace the emphasis of the contributions is on the analysis of current violent conflicts in and between states and within societies on all levels local regional and international this is an excellent volume it can make an important contribution to deepening the knowledge of the complex conflict
